PART I

No. 1613-57—C B. 160-20-12, dated 15th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 765-816—G. M. 392-14-2, dated the 19th July 1915, issuing a set of rules for the conduct of Public Servants.

2. Read also: — The following orders amending the rules referred to above :—

(1) Government Order No. 3670-3719—E. A. G. 375, dated the 21st May 1919.
(2) Government Order No. 3279-3328—E. A G 367, dated the 22nd April 1919.
(3) Government Order No. 137-190—E. A. G. 419-19-4, dated the 14th July 1920.
(4) Government Order No. 420-273—E. A. G. 419, dated the 6th September 1920.

Order No. 1613-57—C. B. 160-20-12, dated 15th March 1921.

Government are pleased to direct that Rule 26 of the Rules issued under the abovementioned Government Orders be modified as follows:—

A Government servant may not take part in or subscribe in aid of any political movement. Nor may he attend any political meeting, his presence at which is likely to be misconstrued or to impair his public usefulness. When there is room for doubt whether any action which a Government servant proposes to take will contravene the provisions of this rule, he should refer the matter for orders to the Government authority to whom he is immediately subordinate.

In regard, however, to purely religious, social, educational, economic or other conferences in which political topics will not form the subject matter of the discussions or resolutions, a Government servant is not prohibited from taking any leading part such as presiding or moving any important resolution.

N. B.—The above rules apply equally to conferences and meetings held within or outside the State. But in the case of religious, social, educational, economic or other conferences held outside the State, the sanction of the Government shall be previously obtained by the official wishing to participate in such conference, submitting to Government wherever possible the detailed agenda of the forthcoming conference and the copy of the full proceedings of the previous conference, if any. Before granting permission, the Government may at its option consult the Government within whose jurisdiction the conference will be held.

K. MATTHAN,
Offg. Chief Secretary to Government.

To—All Heads of Departments.
The Deputy Commissioners of Districts.

Petitions by Indian Ranks, followers and their relations

No. G. 17821—Mily. 215-20-4, dated 14th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN:—

Government Order No G. 15122-3—Mily. 215-20-2, dated the 3rd February 1921, prescribing certain rules for the submission of petitions by Indian ranks, followers and their relatives in the Mysore Military Department.

Read:— Letter No. 8636, dated the 26th February 1921, from the Chief Commandant, Mysore State Troops, suggesting certain amendments to the rules.

Order No. G 17821—Mily. 215-20-4, dated 14th March 1921.

The following amendments proposed are approved:—

(1) The words "to the Chief Commandant, Mysore State Troops" and "for transmission "should be inserted after the words "forwarded" and "petitioner" respectively occurring in line 2 of Rule 4 printed as an annexure.

The revised rule will read as follows:—

"All petitions from soldiers and followers to the civil authorities on non-military subjects should be forwarded to the Chief Commandant, Mysore State Troops, on receipt by the Commanding Officer of the petitioner, for transmission to the local civil officer concerned."

(2) The words "Chief Commandant, Mysore State Troops" should be substituted for the words "General Officer" occurring in lines 1 and 2 of the first and second paragraphs of Rule 5 in the annexure appended to the Government Order of the 3rd February 1921.

The Chief Commandant is requested to issue necessary instructions to the officers concerned in the Mysore Military Department.

K. MATTHAN,
Offg. Chief Secy. to Govt.

To—The Chief Commandant, Mysore State Troops.

Exd.—C. L.

No. G. 18180-90—Mily. 524-19-2, dated 28th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. G. 828-39—Mily. 350-17-2, dated the 16th July 1918, issuing instructions in the matter of grant of lands to recruits, etc., under certain conditions.

(2) Government Order No. G. 9376-86—Mily. 164-19-2, dated the 30th October 1919, extending, under certain conditions, the concession of land grants to non-combatants and discharged soldiers, to half the extent referred to in the Government Order read above.

(3) Letter No. 427—M. S. B., dated the 15th June 1920, from the Secretary, Mysore Soldiers' Board, forwarding for orders of Government the marginally noted resolution adopted at the second meeting of the Board held on 15th March 1920, in regard to the grant of Sannads to persons who have, on account of their military service, been the recipients of land grants in the State.

Resolution.

Read:—Para 12 of the summary of work done by the Indian Soldiers' Board for the month of August 1919, regarding the grant of suitable sannad to the recipients of land grants for distinguished war service to evidence such grants.

Resolved:—that similar sannads be granted to grantees of lands in the State, the language to be adopted being Kannada, Hindustani and English and that the Chief Commandant be requested to furnish a list of persons to whom grants of lands have been made on account of war services.

Order No. G. 18180-90—Mily. 524-19-2, dated 28th March 1921.

Government consider that, as a further mark of recognition for services rendered during the war the grantees of lands under the Government Orders read above may be given suitable sannads, evidencing the grant of lands and the services rendered. They are accordingly pleased to accept the recommendation of the Board and direct as follows :—

The grant of sannads in the form appended hereto, will be issued over the signature of the Chief Secretary to Government, to persons who are granted lands under the Government Orders referred to above.

Spare sannad forms will be kept in the offices of the Deputy Commissioners of Districts. The Deputy Commissioners of Districts are requested to maintain a list of persons to whom land grants have been sanctioned or may hereafter be sanctioned in their districts under the two orders read above. They should also instruct the Amildars under them that, whenever applications for the grant of lands sanctioned are forwarded to them for making the necessary assignment or allotment to the party concerned, they should, after compliance, furnish a report stating that the allotment of lands has been made, together with other particulars relating to the name of the individual and the extent and the locality of grant, etc. On receipt of this information, the Deputy Commissioners of Districts will cause the necessary entries to be made in the forms and submit them to Government for further action. On the same being retransmitted with the Chief Secretary's signature, the Deputy Commissioners will hand over the sannads or cause them to be handed over to the respective recipients early, explaining to them at the same time the exact terms of their holdings.

K. MATTHAN,
Offg. Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Secretary, Mysore Soldiers' Board.

Order No. G. 18223-4--Mily 360-18-7, dated 30th March 1921.

The draft amendments as revised and shown in the appendix to this order, are approved.

Necessary addenda and corrigenda will be issued to the Mysore Service Regulations.

K. MATTHAN,
Offg. Chief Secretary to Government.

To—The Comptroller to Government, through Financial Secretariat.
The Chief Commandant, Mysore State Troops.

Exd.—C. R.

AMENDMENTS TO MYSORE SERVICE REGULATIONS.

CHAPTER XVII—Rules for reckoning Service.

At the end of this chapter add following fresh section:—

Section III—Special rules for the members of the Mysore Military Forces.

274A. In the case of the members of the Military Forces the following conditions are required to be fulfilled to count service as qualifying for pension or gratuity.

(1) All continuous service in a class eligible for Military pension or gratuity, from the date of appointment or enlistment up-to-date of discharge reckons towards such pension or gratuity. Periods falling under any of the undermentioned heads, occurring in the service of any individual shall be deducted from the total period of his service.—

(*a*) Service under 16 years of age.
(*b*) Suspension from rank, pay and allowances by sentence of a court martial.
(*c*) Period of imprisonment by sentence of a Civil Court or a court martial.
(*d*) Absence as a prisoner of War, unless exonerated from blame by the Court of enquiry.
(*e*) Service in a temporary establishment or from which a special rate of pay is granted, on the understanding that no pension is admissible.
(*g*) Period of unauthorised absence.

No. G. 18223-4—Mily. 360-18-7, dated 30th March 1921.

247B. Discharge on pension or gratuity and dismissal from service from any account whatsoever shall be deemed to terminate the service immediately proceeding such discharge or dismissal.

Note.—Individuals struck off the strength of a Unit for desertion shall not be considered to have been discharged from the service until they are legally discharged after suffering punishment on apprehension or surrender. If not apprehended or surrendered within three years from the date of offence such individuals shall for purposes of this article be considered as dismissed from the service.

274C. Discharged individuals of good character will be eligible for re-enlistment in the Mysore Army, provided the conditions as to age and physical fitness as required in Article 367B of these Regulations are fulfilled and provided also that application for re-enlistment is made before the expiry of three years from date of first discharge.

247D. Individuals re-enlisted in the Army will count previous service under the conditions laid down in Article 367 C of Mysore Service Regulations.

Condonation of Interruption.

289A. Periods of service falling under any of the following heads shall be considered interruptions to the service.—

(*a*) Period of suspensions from rank, pay and allowances.
(*b*) Period of imprisonment followed by re-enlistment.
(*c*) Period of unauthorised absence without allowances.
(*d*) Period spent without employment after having been lawfully discharged from the service and prior to re-enlistment.

289B. An interruption in the service entails the forfeiture of past service. Such interruptions will, in deserving cases be condoned by Government, in the case of commissioned officers and by the Chief Commandant in the case of others.

290A. Upon any conditions which it may think fit to impose the Government may in all cases condone a deficiency of three months in the qualifying service.

No. G. 17761-820—P. & S. 68-20-8, DATED 14TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. G. 10330-90 P. & S. 38-18-8, dated 3rd December 1918, issuing certain instructions in regard to the printing and distribution of Art Calendars.

2. Correspondence ending with letter No. 1690, dated 26th January 1921, from the Superintendent, Government Printing, forwarding the distribution list of Art Calendars

Disciplinary control over Sanitary Inspectors and their work.

No. G. 17963-75—San. 76-20-10, dated 22nd March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Appendix B. to Government order No. 5113-63—San. 86-13-35, dated the 8th February 1917, defining the duties of Sanitary Inspectors.

(2) Letter No. G. C. 246-4, dated the 22nd March 1920, from the Offg. Sanitary Commissioner in Mysore, forwarding a note on the question of (1) relieving the Sanitary Inspectors of all but their legitimate work and (2) transferring the disciplinary control over Sanitary Inspectors to District Health Officers.

(3) The following communications from the Deputy Commissioners of Districts, submitting their opinion on the Sanitary Commissioner's note read above :—

No. D2 Dis. 5 L. F., dated 23-7-1920,	from the Deputy Commissioner,	Chitaldrug District,
No. L. F. G. C. 130, dated 17-8-1920	,,	Tumkur District.
No. D1 Dis. 7. L. B., dated 2-10-1920.	,,	Shimoga District.
No. L. F. H. C. 19, dated 6-11-1920.	,,	Kolar ,,
No. D2 Dis. 87, dated 30-11-1920	,,	Bangalore ,,
No. D2 Dis. 332/L. B, dated 6-12-1920	,,	Mysore ,,
No. C. 460 L. F, dated 18-12-1920	,,	Hassan ,,
No. C. 460 of 19-20, dated 17-1-1921.	,,	Kadur ,,

Order No. G 17963-75 -San. 76-20-10, dated 22nd March 1921.

The subject of placing Sanitary Inspectors under the disciplinary control of Health Officers was discussed at the meeting of Deputy Commissioners and Heads of Departments held in March 1920 and in accordance with the decision arrived at, the Sanitary Commissioner's note was forwarded to Deputy Commissioners for their opinion. The replies of Deputy Commissioners have now been received with the letters read above.

(2) The consensus of opinion is that Sanitary Inspectors should continue to work as hitherto under the orders of the Presidents of Municipalities and District Boards.

(3) Sanitary Inspectors are generally employed on purely sanitary work, but sometimes they are deputed to take measurements and check the progress of public works executed by the Taluk and District Boards and Municipalities. Such works generally consist of wells, drains, etc., which are also sanitary works falling within the purview of their sanitary duties. They are sometimes deputed to supervise the construction of small tunnels and bridges but such occasions are rare. There is therefore not much force in the complaint that they are employed on other than their legitimate duties.

(4) The proposal to place Sanitary Inspectors under the immediate control of Health Officers is likely to lead to much inconvenience. Besides, Sanitary Inspectors are paid wholly from the funds of Local Boards and as such, they have to work under the orders of the respective Presidents of the Boards.

(5) In consideration of the foregoing circumstances, Government are of opinion that no change in the present arrangements seems called for.

B. RAMASWAMAIYA.
Secy. to Govt., Rev. Dept.

To—The Offg. Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.

Due dates for the submission of reviews of Vital Statistics.

No. G. 17857-69 —San. 82-20-1, dated 16th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 7170-230 —San. 82-20-1, dated 1st October 1920 directing the submission to Government of the quarterly and annual reviews of vital statistics of districts by the Sanitary Commissioner.

2. Correspondence ending with Letter No. P. 34 dated the 17th February 1921, from the Offg. Sanitary Commissioner in Mysore recommending that the due dates for the submission of these reviews to Government may be revised so as to allow sufficient time for the compilation of the returns and review thereon by the Sanitary Commissioner at the meeting of District Boards.

Order No. G 17357-69 San. 82-20-1, dated 16th March 1921.

Government accept the Sanitary Commissioner's recommendation and direct that the returns of vital statistics of districts should be compiled and reviewed by District Health Officers before the close of the month following each quarter and that they should be sent to the Sanitary Commissioner's office by the 15th of the succeeding month, after consideration by the respective District Boards. The Sanitary Commissioner's consolidated review for the whole State should be submitted to Government within another fifteen days that is to say, on or before the dates specified below:—

1.	Review for the quarter ending	30th June.
2.	Do	30th September.
3.	Do	31st December.
4.	Do	31st March.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 17375-35—Cts. 176-20-2, dated 10th March 1921.

Government consider that the existing form for application for extradition warrants is defective in that it does not furnish all the particulars necessary for the issue of extradition warrants by the Residency and are therefore pleased to prescribe a revised form (herewith appended) to be used in all such cases. The District Magistrates and the Chief Commandant, Mysore State Troops, are requested to use the form prescribed herein whenever applications for extradition warrants have to be made.

B. RAMASWAMIYA,
Secretary to Government, Revenue Department.

To—The District Magistrates of all Districts.
The Chief Commandnt, Mysore State Troops.

Exd.—C. R.

Application for a warrant under Act XV of 1903, the Indian Extradition Act.

1. Officer to whom the warrant should be issued,
2. Magistrate of the District or other authority who wants the warrants issued.
3. Name and description of accused person.
4. Name of the offence committed, and Section of the Indian Penal Code under which the accused is charged.
5. Place and date of the offence
6. Where are, under whose custody, the accused person is supposed to be.
7. Whether the accused is alleged to have absconded.
8. Officer to whom the accused should be surrendered.
9. Place at which the accusad should be delivered.
10. Whether the accused is a British subject, a subject of Mysore, or to which State he belongs.
11. Place of domicile of the accused and his whereabouts.

No. G. 18158-66—Cts. 117-20-3, dated 28th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 34 of 1920-21, dated the 16th October 1920, from the Registrar, Chief Court of Mysore, forwarding the Report on the Administration of Criminal Justice for the year 1919-20.

Order No. G. 18158-66—Cts 117-20-3, dated 28th March 1921.

There was an appreciable increase in the offences reported to the Magistrates, the number rising to 24,328 from 21,812 in 1918-19 and it is attributed to the abnormal prices of food stuffs and the unfavourable seasonal conditions which prevailed during the year under review. Much of this increase was due to offences against Special and Local Laws particularly the provisions of the Defence of India Regulation dealing with the export and transport of food stuffs.

2. Altogether 44,430 persons were brought to trial against 39,250 in 1918-19. Of these 8,919 persons or 20·07 per cent were convicted and 25,885 persons or 58·26 per cent were acquitted or discharged, the percentages of convictions and acquittals or discharges in the previous year being 17·56 and 59·54, respectively.

3. The average duration of cases in the Courts of Magistrates was 42·83 against 35·77 days in 1918-19, while that of appeals in the Magistrates' Courts was 63·40 days against 31·66 in the previous year. In the Sessions Courts the average duration of appeals increased from 36·18 to 53·74 days, while in the Chief Court it rose from 45·65 days in 1918-19 to 76·83 during the year under review. One of the reasons given for the rise in the average duration of appeals in the Chief Court is that in some instances it took two months for the inferior Courts to submit the records to the Chief Court. Government hope that early steps will be taken by the Chief Court to avoid delay in the submission of the records by the subordinate Courts. It is extraordinary that there should have been an increase in the average duration in almost all the subordinate Courts, including the Sessions Courts. With the exception of the District Magistrate of Kolar, no Judge or Magistrate has offered any explanation in the matter. The Government cannot help thinking that the despatch of work in the Criminal Courts is not satisfactory and that more effective supervision is needed to improve the same. The abnormal rise in average pendency in the Bangalore Division in particular calls for notice and the Chief Court are requested to send up to the Government the names of such of the Magistrates who have contributed largely to this result.

4. Preventive action was taken against 102 persons as against 40 in the last year. This is satisfactory.

5. The number of witnesses who attended the Courts of Magistrates was 121,530 against 115,281 in the previous year, and it is satisfactory to note that only 507 and 208 persons were detained for "three days" and "four days and more" as against 789 and 364, respectively, in 1918-19.

6. There was a marked increase in the number of persons sentenced to death and transportation, *viz.*, 14 and 35 as against 9 and 15, respectively, in the previous year.

7. The number of persons dealt with under Section 562 of the Code of Criminal Procedure was 59 against 30 in 1918-19. But the number of persons sentenced to short terms of imprisonment, *i.e.*, 15 days and under, rose to 671 from 489 in 1918-19. The attention of the District Magistrates is drawn to the observations made in the review of the previous year in this respect and they are requested to issue suitable instructions to the Subordinate Magistrates to utilise the provisions of the above section more largely in future.

8. The District Magistrates of Hassan, Shimoga and Chitaldrug have furnished no definite information regarding the state of work relating to the sorting and destruction of records, while the District Magistrates of Kolar and Tumkur have not even referred to it in their reports. It is hoped that the work is receiving due attention.

9. The Chief Court had altogether 134 appeals for disposal involving 212 persons, and disposed of 104 appeals, leaving 30 cases at the end of the year.

10. Government are glad to record the good work turned out during the year by the Bench Magistrates who disposed of 4,314 cases against 2,153 in 1918-19.

11. The Inspection work done by the District Magistrates cannot be said to be satisfactory. With the exception of the District Magistrates of Hassan and Chitaldrug, no other District Magistrate inspected all the important Courts in his district. The work turned out by the District Magistrates of Kolar, Bangalore and Kadur is very poor. The Chief Court inspected only 3 Courts during the year, one in Mysore and 2 in Chikmagalur.

APPENDIX III.

CIRCULAR.

For the information and guidance of the officers of the Revenue and Public Works Departments who are entrusted with the custody and repair of ancient monuments.

GENERAL.

The chief aim of officers entrusted with the care of ancient monuments in the State should be to preserve and perpetuate authentic specimens of the monumental antiquities of the country rather than to re-build or renew them. It may therefore be laid down, as the guiding principle that, as funds for such work will necessarily be limited, they should be economised in such a way as to preserve, as far as practicable, as many of the most important ancient works as possible. To attain this end *preservation* should be primarily aimed at and *repair* attempted only in cases where its advisability is undoubted and where special funds can be provided for the purpose. Even in executing repairs the ruling principle should be the most scrupulous piety towards the ancient fabric in all its parts. No one should try to overlay any new feature on the monument either in addition to what already exists or in imitation of what the original is thought to have been. In most temples of the State, especially in those which belong to the Hoysala style and which are profusely embellished with delicate sculptural decoration, faithful reproduction of old work is well nigh impossible for various reasons, and even if it were thought possible it is very desirable, in the interests of ancient art, that the attempt should be made, if at all, only in very rare and exceptional cases. As a general rule, however, no attempt at restoration should be thought of in the case of ancient monuments. The little that has been done in this direction by the Public Works Department to some monuments in the State

No. G. 18265-325--G. M. 44-20-9, DATED 31ST MARCH 1921.

has only tended to mar their beauty. No effort should be spared to save as many parts of the original as possible while repairing a monument since it is to the authenticity of the old parts that practically all the interest attaching to the new will owe itself.

2. *Estimates.*—Whenever any monument needs repairs, the Director of Archæology should be consulted first as to what exactly is required to be done, and the estimate should be prepared and submitted in accordance with his instructions. Care should be taken that nothing is subsequently added to or omitted from it without consulting him.

3. *Supervision.*—The peculiar and delicate treatment which the work on ancient structures demands calls for the full personal attention of the Executive Officer in charge as it is, as a rule, beyond the ability and intelligence of the lower subordinates to whom the work is, too often, relegated.

4. *Vegetation.*—One of the principal factors in causing the ruin of brick and stone buildings is the growth of vegetation in the joints and the only way of dealing with this evil is constantly to eradicate the plants before they have any chance of becoming firmly rooted. A mixture called "Scrub Eradicator" manufactured by Messrs. Fleming & Co. of Bombay has been recommended by the Government of India for removal and prevention of weeds. It is stated that it can be applied with safety to any building material, whether marble, sandstone or mortar. The mixture has been used in several parts of the Bombay Presidency with varying degrees of success. Another mixture called "Atlas Fluid" supplied by Messrs. Croft, Modi & Co, Bombay, has also been tried in some places and found useful. A mixture of Sulphuric Acid and Nitric Acid has been used successfully in some places for destroying tree stumps. Unslaked lime also is used on and round the stumps of trees to prevent growth.

5. *Masonry.*—It is generally not desirable to demolish or remove, in whole or in part, any stone or brick-work which it is at all possible to repair *in situ*.

In the case of temples portions of which have fallen down it is of the utmost importance not to disturb the fallen stones from their position until the Archæological Officer inspects the spot, as, in case it is considered desirable to reconstruct the temple, he will be able to know from the position of a stone on the ground the part and the face of the building from which it has fallen, and this will save a good deal of trouble and confusion in sorting the material for re-building afterwards.

When dismantling masonry, previous to re-building, it may be necessary to mark or number the old stone so as, the more readily, to replace them in their original positions. In doing this care should be taken not to use oil paint or other pigment or stain which will be difficult to remove again. It is better to put the number on the sides or back of the stone rather than upon the face. If any case all marks should be removed on completion of the work.

All the new stones used should approximately be of the same size as the old ones in the building and should be matched in colour with the surfaces adjoining the newly built portion, the aim of the restorer being to preserve the existing appearance of the ruins and to prevent the obtrusion of any sign of new work. In some cases where the old stone work has weathered to a darker tint it may be necessary to use artificial means for staining the new surface.

Should it be necessary, at any time, to replace any architectural detail which has disappeared, examination should be made of any similar future in another part of the building itself or on one of similar style in the neighbourhood. In restorations of this kind the Archæological Department should invariably be consulted.

When any feature of a building is too far decayed to be restored, the spot which it occupied should not be plastered over. However small the fragment that remains may be, it ought not to be obliterated.

In repairing brick-work, bricks of the same size as the original ones should be used. Mortar joints, also, should be of the same thickness as those in the old work.

While using plaster for purposes of repairing old work, a dark coloured plaster instead of a raw white one, should be used so as to match, as nearly as possible, the old discoloured work. The following mixture is said to have been used successfully at *Dhar* in Central India.

Kankar lime	25 seers
Cement	2½ ,,
Black slag from brick kilns roughly ground	7½ ,,
Black coloring matter extracted from the cooked fruit of the wild pomegranate	4 chitaks
Black jaggory	1 seer
Hemp	1¼ ,,

No. G. 18265-325—G. M. 44-20-9, dated 31st March 1921.

The portions newly constructed in stone may be artificially stained to prevent unpleasant contrasts in colour between the old and new works. One other method suggested is to stain the new stone face with liquid cement in which powdered stone of the kind used in the old masonry is mixed.

6. *Weather stains.*—Weather stains, upon the outside of the building, should not ordinarily be removed, but white lichens, or other small growths of that kind should, if practicable, be cleaned away where they obscure delicate carvings beneath them. But care should be taken that the remedy adopted is not worse than the defect by leaving unsightly marks of the cleaning.

7. *Carvings, images, etc.*—Questions of repairs of delicate carvings on a building must invariably be decided by the Archæological Officer. Every scrap of ancient work that is lying in the *debris* on old sites should be restored, if possible, to its former place, care of course, being taken to ensure the restoration being correct.

An image that has fallen should never be replaced on a pedestal or in a niche unless it is absolutely certain that it was originally set there. Considerable confusion may be caused by the indiscriminate re-erection of images in the wrong places. No new images should ever be provided and the spaces occupied by them should be left blank. Broken images should not be mended with new limbs or other parts, but old portions, if existing, may be pieced together as far as is practicable.

8. *Completion of work.*—Immediately after the completion of repairs to any monument, the building and its surroundings should be cleaned and tidied up. No mortar wheels, mortar heaps, brick-bats, and the like should be left behind.

9. *The bane of lime-white.*—The worst enemy to contend within the case of almost all institutions is the whitewash. In their religious fervour, the custodians and devotees of temples, whitewash not only the plastered walls but also walls built in stone, doors, jambs, lintels, friezes and even the fine sculptures and images on them. This practice has been in vogue from time immemorial so that delicately patterned arabesques often lie buried wholly under innumerable layers of lime white, their existence being only detected by the bumps formed on the plastered surface. The executive officers should strictly forbid such an indiscriminate use of chunam hereafter especially on sculptures and inscriptions. Wherever it is possible without injuring the carving beneath it, the whitewash may be ordered to be scraped off ; but otherwise it may be allowed gradually to disappear and wear away. If it is contemplated to remove any from an old surface it may be done by brushing with native soap and water or light sponging in the case of the painted and delicate surfaces ; but if it will not yield to this treatment, a weak solution of Nitric Acid or in cases where the actions of Nitric Acid may be injurious, of Acetic Acid may be used, followed by a thorough washing down with water in which a little carbonate of soda has been dissolved. It has been found that kerosene oil is effective in removing whitewash off tile work.

10. *Excavations.*—Excavations should only be reserved for the Archæological Officer to do, as there are many interesting points claiming expert attention during an excavation, other than the mere digging for relics.

11. *Blasting near monuments.*—Old structures will be more or less in a disintegrated condition and any slight concussion might bring down the whole structure. The Executive Officers should therefore take care that blasting in the neighbourhood of any monument is not allowed.

Valuable inscriptions are found throughout the Province carved on immovable rocks. Proper measures should be taken to preserve them in good condition and any attempt to either blast such rocks or destroy the inscription should be severely punished by the executive officers.

12. *Profane use of monuments.*—It must be clearly understood that the occupation of archæological buildings for residential and other purposes cannot be justified. Archæological buildings are objects of art and should be cherished as such and must on no account be put to profane use even temporarily. It is, therefore, exceedingly desirable that all executive officers should look upon the monuments in their charge with *aesthetic* and not *utilitarian* feeling and should not permit their occupation by persons even temporarily or render their surroundings inartistic or unclean by allowing huts to be raised in their compounds.

S. C. 89

Reorganisation of the permanent Clerical and Menial Establishment of the Department of Geology.

No. G. 17439-41 - GEOL. 40-20-7, DATED 11TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF **MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. G. 958-9—Geol. 103-18-11, dated the 13th July 1920, sanctioning the entertainment of five additional peons and five additional lascars in the Department of Geology on a pay of Rs. 8 each per mensem up to the end of September 1920 pending orders of Government on the proposals for the reorganisation of the clerical and menial establishment of the department.

2. Government Order No. G. 4189-93—Geol. 103-18-12, dated the 23rd August 1920, declining to sanction the increase of the clerical and menial establishment to the extent proposed but sanctioning the appointment of an additional clerk as Librarian and Storekeeper and directing that the third draughtsman be made permanent on a pay of Rs. 30 per mensem.

3. Correspondence ending with letter No. 718, dated the 16th October 1920, from the Director, Department of Geology stating that the establishment on the scale of pay already proposed by him is absolutely necessary and requesting that the same may be sanctioned and also forwarding a statement showing the allocations of peons and lascars of the department.

Order No. G. 17439-41—Geol. 40-20-7, dated 11th March 1921.

Government do not consider that there is any necessity for the increase of the establishment or of the scale of their pay as proposed. In the case, however, of the Head draughtsman about whose professional attainments the Director speaks in high terms, they are pleased to sanction a grade of Rs. 80-10-120 and to allow the present incumbent Mr. Joshi being started on a pay of Rs. 100 in the said grade with effect from the 1st January 1921.

2. There are at present 19 peons and 9 lascars in the department. Government direct that the number of peons on Rs. 7 each per mensem be reduced by seven and that one additional lascar be appointed on a pay of Rs. 8 per mensem.

3. A statement showing the allocation of peons and lascars is appended to this order.

K. MATTHAN,
Offg. Chief Secretary to Government.

To—The Director of Mines and Geology.
The Director, Department of Geology.
The Comptroller, Mysore Government, through Financial Secretariat.

Non-Gazetted Officers' Associations.

No. 1560-1617—E. A. G. 502, DATED 22ND MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter dated 4th March 1921, from the President, the Mysore Non-Gazetted Officers' Association, Bangalore, stating that a Provincial Conference is intended to be arranged sometime during the last week of March 1921 at which delegates from the several District and Taluk Associations are expected to be present and requesting that concessions similar to those sanctioned to the Civil Service Association in G. O. No. S. 1540-98—C. B. 147-18-2, dated 4th June 1919 and G. O. No. G. 7713-15—P. & S. 32-19-2, dated 20th September 1919, be extended to the Non-Gazetted Officers also.

Order No. 1560-1617—E. A. G. 502, dated 22nd March 1921.

Government are pleased to direct that the period of absence of the officers, who are members of the Non-Gazetted Officers' Associations, in connection with their attendance at inaugural and annual meetings of the Central and District Associations, be treated as time spent on duty. The total period of absence should not exceed five days in any one official year.

2. The journey to and fro must be made at the expense of the officers concerned.

3. The officers should take the permission of the Head of the Office or of the immediate Official Superior in the case of executive subordinates, before proceeding to attend the meeting. The Heads of offices and the Official Superiors will have discretion to decide how many officials they can allow to attend the Conference without inconvenience to public work.

K. MATTHAN,
Offg. *Chief Secretary to Government.*

To—The President, the Mysore Non-Gazetted Officers' Association.
The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.

Exd.—C. R.

No. 879-897—Stl. 35-20-4, DATED 28TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

G. O. No. R. 4140-99—R. M. 7-20-9, dated 22nd September 1920, issuing instructions in the matter of holding the fifth quinquennial census of agricultural stock in th State.

2. Revenue Commissioner's letters Nos. C. 630, dated 21st February 1921 and C 630, dated 25-2-1921, forwarding consolidated statements showing by districts and taluk the results of the said census held in January 1921, as compared with that of 1916, together with his review thereon (printed as annexures).

Order No. 879-897- Stl. 35-20-4, dated 28th March 1921.

Recorded.

2. The census discloses a very slight increase of ·8 per cent in the number o bulls and bullocks and of 6·6 per cent in cows. The total number of bulls an bullocks was 1,697,002 and that of cows 1,717,156; or in other words there wer roughly one bull or bullock for every five acres of cultivable area and one cow fo every three persons of the population in the State.

3. There was a considerable fall in the number of sheep and goats as compare with the census of 1916, the decrease being larger under goats, *viz.*, 552,797 or 30 pe cent. The decrease is noticed in all the districts and requires explanation.

4. These figures will be utilized in preparing table v of the agricultural sta tistics for the ensuing five years commencing from 1920-21.

K. MATTHAN,
Offg. Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Secretaries to Government.
The Census Superintendent in Mysore.
The Deputy Commissioners of Districts.
The Compiler, Mysore, Gazette, for publication in both English and Kannada.
PRESS TABLE.

Exd.—C. L.

No. 879-897—Stl. 35-20-4, dated 28th March 1921.

ANNEXURE.

Revenue Commissioner's review.

Subject :—

Statements showing the results of the Census of Agricultural Stock held in January 1921, received from the Deputy Commissioners of Districts.

1. The following statement shows the dates on which the census was held in each district and the dates on which the returns from the serveral districts were received in this office :—

District.	Date of census.	Date on which the returns were received.
Bangalore District	5-1 1921	31-1-1921
Bangalore City	22-1-1921	
Kolar District	17-1-1921	1-2-1921
Tumkur ,,	3rd to 20th January 1921	3 2 1921
Mysore ,,	22-1-1921	8-2 1921
Hassan ,,	17-1-1921	31-1-1921
Shimoga ,,	Do	Do
Kadur ,,	Do	28-1-21 (revised statement received on 12-2-1921.)
Chitaldrug ,,	6-1-1921	26-1-21

2. The results of the census for each of the districts are shown in the accompanying statement as compared with those of the fourth quinquennial census held in 1916.

Bulls and bullocks :—

In the last census, only breeding bulls were brought under column 3, the other bulls being classed with bullocks; while for the purpose of the present census, all bulls—whether used for breeding purposes or not—are brought under the above mentioned colum. In the absence of separate figures for breeding bulls in the present census, it is not possible to compare their number with that in 1916. Taking, however, "bulls and bullocks" together, it will be seen that their total number for the State according to the census of 1921 was 1,697,002, as against 1,683,239, showing an inappreciable increase of 13,763, or 8 per cent. There was a slight fall in the Bangalore, Kolar, Hassan, Shimoga and Kadur districts which has been more than counterbalanced by the increase in the other districts.

Cows :—

Cows numbered 1,717,156 at the present census, as against 1,610,751, resulting in an increase of 106,405 or 6·6 per cent. There has been a slight fall in the Kolar and Kadur Districts, while the Bangalore and Tumkur districts show an increase of 25,692 (1·6%) and 31,922 (2%) respectively.

Buffaloes (male) :—

These numbered 113,901, as against 107,675, resulting in an increase of 6,226 or 5·8 per cent, all the districts except Kolar and Shimoga having contributed to the increase.

Buffaloes (cow) :—

According to the present census, these numbered 554,191, as against 486,242, the increase being 67,949, or 14 per cent. While there was a decrease in the number under this head in the districts of Hassan, Shimoga and Kadur to the extent of 1,991, 3,030 and 4,076 respectively, all the other districts showed an increase, that in the Mysore district amounting to 58,356 (or 11·8 per cent) being most noticeable.

Youngstock (cows and buffaloes):—

As against 1,237,294 shown by the Fourth Quinquennial census, there were 1,318,744 calves of all description according to the census of 1921, the increase being 81,450 or 6·6 per cent.

Sheep and goats :—

There was a decrease of 216,861 and 552,797 in the number of sheep and goats which according to the present census were 2,864,286 and 1,282,691 respectively, as against 3,081,147 and 1,835,488 in the year 1916. The decrease in the number of sheep was 7 per cent, while that of goats amounted to as much as 30 per cent. No explanation has been furnished for this large decrease by any of the Deputy Commissioners, except the Deputy Commissioner of Shimoga who attributes the decrease in his district to epidemic diseases.

No. 879-897—Sii 35-20-4, dated 28th March 1921

Horses and ponies **(*including young stock*):—**

Live-stock under this head numbered 20,276, as against 19,007, resulting in a small increase of 1,269.

Ploughs **:—**

It is noteworthy that, notwithstanding the increase in the number of cattle there was a fall of 8,813 in the number of ploughs from 873,882 to 865,769. It is, however, a matter for some gratification that there was an increase of 3,522 in the number of ploughs of the new pattern.

Carts **:—**

There was also a fall of 11,526 or 4·5 per cent in the number of carts, which numbered 241,877, as against 253,403 of the last census.

3. Taking the results of the census as a whole, there was an increase in the live stock of all descriptions, except sheep, goats and camels. Though there was an appreciable increase in the number of improved ploughs of new pattern, there was a slight fall of about 1% in the total number of ploughs and also a fall of 4·5% in the number of carts.

Statement showing the District war abstract of the fifth quinquennial census of the agricultural stock in the Mysore State taken in January 1921 as per Government Order No. R. 4140-99—R. M. 7-20-6, dated 22nd September 1920.

No. 836-856—Stl. 26-20-2, dated 14th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 6058-6107—L. R. 430-13-1, dated 6th February 1914, requesting the Revenue Commissioner to submit an annual return of Village Statistics for the whole State.

2. Letter No. C. Per. 108, dated 30th December 1920 from the Revenue Commissioner, submitting a consolidated return of Village Statistics in Mysore for the year 1919-20 with his review thereon (printed as annexures.)

Order No. 836-856—Stl. 26-20-2, dated 14th March 1921.

There has been a delay of two months and a half in the transmission of the review and the statistics.

2. The number of village committees decreased from 10,524 to 10,324, while the number of villages served by them increased by ten. A further decline of 3 per cent is noticeable, as compared with the year 1918-19 in the number of committees that did real work, such as the quantity of village improvement work attended to, the value of religious and charitable works executed by private gentlemen and other items. The number of villages having co-operative societies however rose from 870 to 975 with a corresponding increase in their membership.

3. *Population.*—The population of the villages included in the return is 4,847,636 against 4,771,549 in the previous year, the increase being most noticeable in the Mysore District. An examination of the occupation statistics shows that while the population engaged in agriculture, trade, pottery, carpentry, smithy, labour and 'other occupations' has increased, there have been slight decreases in the case of weavers and in the number of people engaged in sericulture, namely, of 1,576 and 704 respectively.

4. *Education.* The number of schools fell from 8,040 to 7,894 and the number of pupils receiving instruction from 219,414 to 216,487. It is observed from the report on Public Instruction that the decrease is partly due to the fact that a number of unaided private institutions ceased to exist for want of facilities and proper supervision and funds.

5. *Agricultural Production.*—The area under cultivation shows, on the whole, an increase over that of the previous year by 322,002 acres and the total value of outturn rose by nearly 3½ crores of rupees, though there was a shrinkage in the area under sugar-cane and that under mulberry. The average value of outturn per acre worked out to Rs. 22 *i. e.*, Rs. 4 more than in the year 1918-19. The value of outturn under sugar-cane increased by Rs. 20,30,240 even though the area under that crop fell by more than 25 per cent as compared with the year 1918-19. This was due to the phenomenal rise in the price of sugar during the year under report.

6. *Agricultural Stock.*—While a slight increase is noticeable in the number of improved ploughs, the number of ordinary ploughs has noticeably decreased from 866,608 to 783,270. The number of oil mills and pumping installations has also decreased.

7. *Industrial Out-put.*—The value of the industrial out-put has fallen from Rs. 51,56,799 to Rs. 46,01,071, the decrease being most marked in the case of sericulture. Though the number of persons engaged in pottery and industries other than weaving and sericulture has increased, their out-put shows a decrease. The out-put under sericulture has increased by nearly 80 per cent., but the value of the same is shown as having decreased from Rs. 5,91,173 to Rs. 4,25,890. The Director

of Agriculture is requested to get these figures tested by the Superintendent of Sericulture and report the result by the 30th June 1921, explaining the decrease.

Comparing the incomes of the several occupations, it is seen that weaving stood first, the average annual income being Rs. 40·5 per head of population engaged in it, agriculture with an income of Rs. 33·4 per head, including labourers, came next. Sericulture yielded Rs. 35·7 per head and last came pottery with an average income of Rs. 16·9 per head.

8. *Economic Condition.* The number of agricultural families having subsidiary occupations has slightly increased, *viz.*, by 4,840, while the number of families which can sustain themselves in successive years of distress has fallen from 51,243 to 50,576. The number of villages having communal institutions has also fallen considerably, being only 606 against 776 in the year 1918-19.

9. *Retrospect.* A period of seven years has elapsed since the Village Improvement Scheme was inaugurated in 1914 and Government consider this a fitting opportunity to record briefly the results achieved so far, as well as the defects or shortcomings apparent from these figures as compared with those for 1913-14.

(*a*) The following shows the progress under Education and certain other items during the above period:—

	1913-1914.	1919-1920.
(*a*)	One school for four villages and 1,049 persons.	One school for two villages and 614 persons.
(*b*)	One reading room for 103 villages.	One reading room for 11 villages.
(*c*)	The number of pupils under instruction among boys, girls and adults was 24, 4 and 1 per 1,000 of the population.	The number of pupils under instruction among boys, girls and adults was 35, 6 and 4 per 1,000 of the population.
(*d*)	One co-operative society for 31 villages and 8,728 of the population.	One co-operative society for 19 villages and 4,972 of the population.
(*e*)	One out of 17 families was carrying on subsidiary occupations in addition to agriculture.	One out of 14 carries on subsidiary occupations in addition to agriculture.
(*f*)	One loom for 4 weavers.	One loom for 3 weavers.
(*g*)	One improved plough to 465 ordinary ploughs.	One improved plough to 179 ordinary ploughs.

(*b*) There are however certain disquieting features revealed by these statistics While the number of persons resorting to agriculture has, during the seven years under reference, fallen from 815 to 783 per 1,000 of the population, it is not compensated by an equal increase in any other remunerative occupation. The numbers of people supporting themselves from sericulture and trade show only relatively small increases, from 1 to 3 and 25 to 28 per mille, and those, following handicrafts such as weaving, carpentry, pottery and smithy have remained practically the same. It is among the people following 'other occupations' that an increase is noticed from 38 in 1913-14 to 54 in 1919-20. These fluctuations appear to indicate that village industries are attracting only a small number of new persons, that the number following agriculture is falling off appreciably and that this fall is not made up by a corresponding or proportionate increase in the number resorting to other remunerative professions. The Government invite once again the attention of the several Officers of the Revenue and Agricultural Departments to the remarks made in their Order No. 912-35—Stl. 21-19-2, dated 6th March 1920, regarding the transfer of agricultural population to the group "other occupations". Other disquieting features noticed are that the proportion of families which can maintain themselves from savings during two successive years of distress to the total number has decreased from 1 in 14 to 1 in 21 and the number of villages having communal institutions has fallen from 8 to 3 per cent. The attention of all officers of the Revenue, Agricultural, Industrial and

Co-operative departments is invited to the continuing need for greater efforts in working the various schemes sanctioned for the amelioration of the rural population.

K. MATTHAN,
Offg. Chief Secy. to Govt.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Inspector-General of Education in Mysore.
The Director of Industries and Commerce in Mysore.
The Secretaries to Government.
The Sanitary Commissioner in Mysore.
The Secretary, Economic Development Board.
The Deputy Commissioners of Districts and Presidents of District Boards.
PRESS TABLE.

Exd.—C. R.

ACCOMPANIMENT.

Revenue Commissioner's review of the consolidated Return of village statistics for the year 1919-20.

The accompanying consolidated statement gives the agricultural and industrial statistics for rural areas under the Village Improvement Scheme for the year 1919-20. These statistics deal with 18,933 villages, as against 18,923, during the previous year, but no information has been furnished as to the number of bechirak and inam villages. A brief note referring to the salient points was furnished only by the Deputy Commissioners of Mysore and Shimoga Districts. The Deputy Commissioner, Shimoga District, state sthat the number of villages for which statistics are given in the present statement is 2 013, as against 2,014 in the previous year, that the figure given last year was incorrect and that, excluding the 11 Municipalities and 7 villages included in them, the number of villages for which statistics have to be collected is 2,013. There is an increase by 3 and 8 in the number of villages in the Hassan and Chitaldrug Districts, respectively, but no reasons have been assigned for this increase.

Progress under the Village Improvement scheme.—These 18,933 villages were served by 10,324 Village Improvement Committees, as against 10,524 Committees in the previous year, there being a decrease in the number of Committees in the Districts of Bangalore and Shimoga. Four thousand six hundred and twenty-three Village Improvement Committees as against 5,039 in the previous year. did real work, and executed works to the total value of Rs. 3,41,280. The aggregate value of religious and charitable works executed during the year was Rs. 1,90,338 as against Rs. 2;13,927 during the previous year. The number of Committees holding weekly meetings for the purpose of spreading information and enlightenment by reading newspapers, etc., fell from 4,169 in the previous year to 3,368 and the number of villages which devoted half a day a week for the Village Improvement work was 6,322 as against 7,458, the total number of days on which the ryots so worked being 48,268 as against 57,919 during 1918-19. Nine hundred and seventy five villages in the State have Co-operative Societies and the number of members of such societies rose from 47,044 in the previous year to 49,107 during the year under review.

Population.—The total population dealt according to the consolidated statement is 4,847,636 distributed among 1,074,709 families, showing an increase of 76,087 persons. The number of births exceeded the number of deaths by 4,200 while, during the previous year, the number of deaths was greater than the number of births by 205,020 owing to the prevalence of influenza.

Literacy and education.—The percentage of literates to the total population was 5·09 as against 5·60 in the year 1918-19. The number of schools on the whole fell by 146, the district of Bangalore showing a decrease of 252 schools. There was a decrease in the number of persons under instruction by 2,927 and the percentage of total number under instruction to the total population was 4·4.

No. 836-856—Stl. 26-20-2, dated 14th March 1921.

The following statement shows the number of boys, girls and adults attending schools or otherwise receiving instruction during the last five years:—

Year	Boys	Girls	Adults	Total
1915-16	144,407	22,424	8,462	175,293
1916-17	168,663	29,826	14,863	213,352
1917-18	173,735	31,700	19,992	225,427
1918-19	170,475	31.036	17,903	219,414
1919-20	168,602	30,749	17,136	216,487

From this it is seen that the number of boys, girls and adults that received instruction during 1919-20, is greater by 24,195, 8,325 and 8,674, respectively, than the number during the year 1915-16. The number of reading rooms and similar institutions rose from 1,709 during1918-19 to 1,765 during 1919-20.

Occupation.—No abnormal variations are noticeable in the division of population according to occupation. Out of a total population of nearly 48½ lakhs a little over 38 lakhs are engaged in agriculture. Of the remaining, 1·34 lakhs are engaged in trade, 0·69 lakh in weaving 0·26 lakh in pottery, 0·18 lakh in carpentry, 0·36 lakh in smithy and 0·16 in silk reeling. There is a decrease of 865, 112, and 705 respectively in the number of cotton silk and woollen looms as compared with such numbers in the previous year.

Seventy seven thousand five hundred and seventy families with agriculture as their principal occupation have subsidiary occupations and 50,576 families are stated to be capable of maintaining themselves from their savings during two successive years of distress. The greatest number of such families (*i.e.*, 8,784) is found in the District of Bangalore, while the District of Kadur stands last in this respect, having only 2,653 such families.

The average incomes of an agriculturist, of a weaver, of a potter and a silk rearer for the year, were Rs. 37·37, Rs. 40·52, Rs. 17·81 and Rs. 25·64 as against Rs. 28·38, Rs. 41·65 Rs. 18·32, Rs. 34·23 respectively during the previous year.

Agricultural out-put.—The following table shows the extent of land under the several crops and the estimated value of the probable out-turn as compared with the previous year:—

No.	Name of crop	Year	Area	Value
				Rs.
1	Paddy	1918-19	657,723	1,82,81,756
		1919-20	850,420	2,48,07,440
2	Ragi	1918-19	2,076,791	3,41,69,532
		1919-20	2,097,993	4,21,19,257
3	Jola	1918-19	627,702	74,87,024
		1919-20	728,139	1,02,30,688
4	Horse gram and other pulses ..	1918-19	1,218,309	1,39,26,920
		1919-20	1,155,335	1,47,68,715
5	Sugarcane	1918-19	43,500	46,84,819
		1919-20	31,039	67,15,059
6	Oilseeds	1918-19	214,673	29,04,016
		1919-20	248,688	40,99,632
7	Mulberry	1918-19	37,740	21,66,945
		1919-20	34,572	18,54,633
8	Cotton	1918-19	141,962	39,02,817
		1919-20	164,685	44,35,248
9	Cocoanut and supari	1918-19	141,726	78,04,077
		1919-20	160,374	1,02,14,581
10	Coffee and cardamom	1918-19	97,169	55,91,281
		1919-20	102,008	63;60,760
11	Other crops	1918-19	714,127	71,55,328
		1919-20	720,271	1,70,55,053
	Totals for ..	1918-19	5,971,422	10.80,74,515
		1919-20	6,293,424	14,26,61,066

On the whole there was an increase in the area under agricultural products by 3,22,002 acres, and in the total value of the agricultural out-put by nearly 3½ crores of rupees

No. 836-856—Stl. 26-20-2, dated 14th March 1921.

The area under paddy increased by nearly 2 lakhs of acres, under ragi about 20 thousand acres, under jola by a little over one lakh, under horse gram and other pulses by 841,795 acres, under oil-seeds by 34,015 acres, under cotton by 22,723 acres, under cocoanut and supari by 18,648 under coffee and cardamon by 4,839 acres and other crops by 6,144 acres, while the area under sugar-cane and Mulberry decreased by 12,361 and 3,163 acres respectively.

The value of the gross agricultural produce is estimated at Rs 14 crores and 26 lakhs of rupees and the average value of out-turn per acre works out at Rs. 22 as against Rs. 18 during 1918-19.

Industrial out-put —The total industrial out-put during the year is estimated at a little over 46 lakhs of rupees as detailed below:—

Weaving	.. .. ..	28·03 lakhs
Silkworm rearing and silk reeling	.	4·25 „
Pottery	.. . ..	4·42 „
Other industries	.. . ..	9·28 „

The total value of the agricultural and industrial production during the year amounts to Rs 14,72,62 137 This works out at about Rs. 30 36 per head of rural population as against Rs. 23·73 in the previous year.

Agricultural Resources.—The number of improved and ordinary ploughs in use was 4,379 and 783,270 as against 3,994 and 866,608 respectively in the year 1918-19. The district of Bangalore stands first with 1,030 improved ploughs, and the Mysore district is backward in this direction as there are only 306 improved ploughs in the whole district There is in the State one sugar-cane Mill for about every 6 acres under sugar-cane cultivation. The number of irrigation pumps fell from 109 in the previous year to 107 and 8 irrigation pumps are reported to have been installed in the Mysore district during the year under review.

The statistics reveal the fact that the rural industries are still in a premature condition. The prices of food stuffs continued to be high to the benefit of the agriculturists

No. 911-960 -Stl. 22-20-5, dated 31st March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

1. Letter No. C. Per. 140, dated 19th November 1920, from the Revenue Commissioner, forwarding the *Season and Crop Report for the year 1919-20, together with his review thereon, and requesting approval to the substitution of foot-notes to the several tables in place of the explanatory memo hitherto appended to each part of the report.

* (Printed as annexure to this Order).

2. Letter No. 3947--C. 655-2, dated 27th November 1920, from the Director of Agriculture furnishing his remarks on the report.

(Printed as annexure to this Order).

3. Letter No. C. Per. 140, dated 3rd December 1920, from the Revenue Commissioner forwarding certain corrections.

4. Letter No. C. Per. 148, dated the 22nd December 1920, from the Revenue Commissioner reporting on certain discrepancies in the area under arecanut in the districts of Tumkur and Mysore during the years 1917-18 and 1918-19, called for in Government Order No. 39-98—Stl. 22-19-10, dated the 14th July 1920.

No 911-960 -Stl. 22-20-5, dated 31st March 1921.

1. *Preliminary.*—Government are pleased to approve of the foot-notes to the several parts of the report, suggested by the Revenue Commissioner in place of the existing explanatory memoranda.

2. *Seasonal Conditions.*—The agricultural outlook was on the whole satisfactory. The rains began well, but owing to the break in the latter half of July and the beginning of August 1919 much anxiety was felt. The copious showers, however, from the latter part of August improved the situation. The average rainfall during the year was 37·39 inches against 30·89 inches in the year previous.

3. (*a*) *Area of the State and its classification.*—The gross area of the State according to the latest results of re-survey was 18,865,085 acres. The statistics required for the season and crop report are not available for 1,416,181 acres out of alienated tracts, against 1,382,053 acres in the previous year. The area covered by this report is therefore 17,448,904 acres or 30,259 acres less than in the previous year.

(*b*) Out of this, forests occupied nearly 13 per cent (2,212,377 acres), 38 per cent (6,616,524 acres) represented the extent of land not available for cultivation, 4 per cent (758,883 acres) consisted of cultivable waste not in occupancy and 45 per cent (7,861,120 acres) constituted the area under occupancy. About 21 per cent (1,662,713 acres) of the occupied area remained fallow during the year and 6,198,407 acres were actually cropped, representing 72 per cent of the total cultivable area and an increase of 5 per cent over the corresponding area of the previous year. Reckoning areas cropped more than once as separate areas for each crop, the gross area cropped in the year would amount to 6,541,886 acres or 76 per cent of the total cultivable area.

4. *Irrigated Area.*—(*a*) As compared with the preceding year, the total area irrigated during 1919-20 decreased by about 14 per cent (153,256 acres) as shown below:—

Nature of water supply.	+ Increase	— or decrease in area
Government Channels	+10,773	acres.
Private do	—3,164	,,
Government tanks	+41,228	,,
Professional aided private tanks... ...	+5,455	,,
Private tanks	+66	,,
Wells	+118	,,
Other sources	—207,732	,,
Net fluctuation ...	—153,256	acres.

(*b*) All the districts, except Shimoga and Hassan, showed, however, an increase in the irrigated area. The decrease in the Hassan district was confined to only about

No. 911-960—STL. 22-20-5, DATED 31ST MARCH 1921.

75 acres. The shrinkage is accounted for almost entirely in the Shimoga district. A reference to the taluk figures makes it apparent that the extent of lands irrigated from "Other sources" in Channagiri, Honnali and Sorab taluks fell by 85,408, 97,739 and 20,028 acres respectively during the year. These decreases appear fictitious and are probably due to inflated figures having been furnished in 1918-19.

5. (*a*) *Area under crops.*—As stated already, the total gross area cropped was 6,541,886 acres. The different classes of crops and the area occupied by each class are as stated below:—

(*1*) *Food Crops:*

Nature of crop	Extent in thousands of acres	Percentage to total area under crops
Food grains and pulses	5,456	83·4
Condiments and spices	142	2·2
Sugar	34	·5
Fruits, vegetables and nuts	213	3·2
Other food crops	11	·2
Total ...	5,856	89·5

(*2*) *Non-food Crops.*

Oil-seeds	285	4·4
Fibres	153	2·3
Dyes and tanning materials	1	0·02
Fodder crops	30	·5
Other non-food crops	81	1·2
Total ...	686	10·5

(*b*) The area under food grains and pulses (5,456,008) was 368,607 acres or 7 per cent more than in the preceding year. The actual increase or decrease under each of the principal food crops is shown below:—

	Acreage under the crop		Increase (+) or decrease (—)
	1919-20	1918-19	
1. Ragi	2,303,407	1,966,411	+336,996 (17 per cent.)
2. Horse gram	815,792	883,197	— 67,405 (8 ,,)
3. Paddy	761,807	634,456	+127,351 (20 ,,)
4. Cholam	675.293	661,616	+ 13,677 (2 ,,)
5. Togari	143,528	132,460	+ 11,068 (8 ,,)
6. Bengal gram	51,441	64,428	— 12,987 (20 ,,)
7. Sugar-cane	34,057	40,143	— 6,806 (12 ,,)
8. Cowpea	28,655	57,540	— 28,885 (50 ,,)
9. Wheat	4,643	7,939	— 3,296 (58 ,,)

(*c*) The fluctuations in the areas under non-food crops as compared with 1918-19 were as follows:—

	Acreage		Increase (+) or decrease (—)
	1919 20	1918-19	
1. Oil-seeds	284,688	252,402	+ 32,286 (13 per cent.)
2. Fibres	152,632	130,944	+ 21,688 (17 ,,)
3. Drugs and Narcotics	136,089	142,188	— 6,109 (4 ,,)
4. Mulberry	30,316	45,766	— 15,450 (34 ,,)
5. Fodder crops	30,053	59,604	— 29,551 (49 ,,)
6. Cotton	147,280	125,125	+ 22,155 (18 ,,)
7. Dyes	1,234	33	+ 1,201 ...

Palpably incorrect, *vide* remarks *Infra*.

(*d*) There was thus a general increase in the acreage under food-crops forming the staple food of the country and a decrease under other food crops. The industrial crops also secured substantial increases. The favourable seasonal conditions of the year and the acute situation that prevailed in regard to food supply in the year under report and the previous year are alike reflected in these figures.

The increases under the foregoing crops may also be taken to have partly contributed to the fall in the area under horse gram, Bengal gram, sugar-cane, cowpea and wheat.

(*e*) The following are the abnormal variations noted in regard to the acreage under some of the crops:—

i. *Ragi.*—The net area cropped during the year in the Maddagiri taluk was 118,922 acres. The ragi crop itself occupied 107,965 acres, showing an increase of 68,855 acres over that of the previous year. It appears improbable that the acreage could have expanded so rapidly

ii. *Togari.*—The acreage under togari in the Davangere taluk during the past four years is as noted in the margin, disclosing an abnormal rise, over 125 per cent in 1918-19. Such a sudden fluctuation requires verification.

	Acres
1916-17	18,509
1917-18	19,366
1918-19	12,576
1919-20	14,115

iii. *Fodder Crops.*—The area under fodder crops shows a noticeable decline in all districts except Kadur and Chitaldrug. The largest decreases were in the Hassan and Mysore districts, being 16,927 and 11,380 acres respectively

These decreases are due almost entirely to the disappearance of the acreage under the crop found in the Malvalli, Mandya, Arsikere and Arkalgud taluks in the previous year. The figures require to be scrutinised in the taluks and districts afresh

iv. The decrease in the area under mulberry cultivation is manifestly erroneous As explained by the Director of Agriculture this is due to inflated figures having been given wrongly in the Shimoga district during 1918-19

v. The Revenue Commissioner is requested to get the several figures noticed above, as well as the other figures referred to in the remarks of the Director of Agriculture verified once again, and to report the result while submitting the season and crop report for 1920-21, incorporating also the correct revised figures for 1919-20 therein

6 *Agricultural Stock.*—The statistics of the fourth quinquennial census of agricultural stock taken in January 1916 are repeated under this head Analysing the figures, it is observed that there were on an average 22 horned cattle for every 25 persons, 43 sheep and goats for every 50 persons, 3 ploughs for every 20 persons and one cart for every 25 persons

7 *Outturn of Crops.*—The following table shows the outturn of the five selected crops as compared with 1918-19.

Crops		Area under crops (acres)	Standard outturn (Pallas)	Estimated actual outturn (pallas)
Paddy	1918-19	634,456	5,122,962	2,212,265
	1919-20	761,807	6 108 012	3,915,334
Ragi	1918-19	1,966,411	8 888,431	3,006,270
	1919-20	2,303,407	10,401 273	5,816,437
Horse gram	1918-19	883,397	1 870,892	630,137
	1919-20	815 792	1,524,151	650,870
Cholam	1918-19	661,616	2 138,715	726,381
	1919-20	675,293	2 128,034	1,121,511
Sugar-cane	1918-19	40,594	4,926,965	2,444,995
	1919-20	31,057	3,806,604	2,311,197

There was a general increase in the yield of each of these crops during the year as compared with the previous year. The increase in yield for every 10 acres of land under each crop was as follows :—

Name of crop.	Increase in yield secured on every 10 acres under it
Paddy	17 pallas
Ragi	10 ,,
Cholam	6 ,,
Horse gram	1 palla
Sugar-cane	70 maunds

8. (*a*) *Imports and Exports.*—In the following table are exhibited the quantity and value of five kinds of agricultural produce imported into and exported from the State (by rail), during the two years 1918-19 and 1919-20 :—

Article		Imports		Exports	
		Quantity (Maunds)	Cost (Rupees)	Quantity (Maunds)	Cost (Rupees)
1. Grains and pulses	1918-19 ...	1,912,616	1,52,42,724	1,083,688	1,40,15,865
	1919-20 ...	2,100,137	1,99,29,380	414,803	37,49,458
2. Fruits and vegetables	1918-19 ...	211,246	39,20,137	709,220	86,02,746
	1919-20 ...	169,175	27,09,595	855,474	1,17,60,720
3. Oil-seeds	1918-19 ..	308,396	15,69,851	507,058	26,94,402
	1919-20 ...	78,031	8,17,149	440,755	44,16,918
4. Sugar and jaggery	1918-19 ...	145,307	18,54,744	460,369	39,43,002
	1919-20 ...	135,692	27,82,348	437,938	57,72,947
5. Raw cotton	1918-19 ...	48,238	33,25,089	138,892	99,00,444
	1919-20 ...	59,168	28,91,698	93,231	45,23,106
Total ...	1918-19 ..	2,625,803	2,59,12,545	2,904,233	3,91,56,459
	1919-20 ...	2,542,203	2,91,30,170	2,242,201	3,02,23,149

(*b*) It will be observed from the above that the total quantity of imports under the above five items fell on the whole by 83,600 mds, although increases are noticeable under grains and pulses and raw cotton. There was a marked decrease of 75 per cent under oil-seeds.

(*c*) The amount of exports during the year shows a decrease of 22 per cent, the largest reduction, *viz.*, 62 per cent, being under the head grains and pulses.

9. (*a*) *Prices.*—The following statement compares the average prices (per palla of 100 seers) during the years 1918-19 and 1919-20 of the principal articles of food consumed by the bulk of the population.

Place	Rice, 2nd sort		Ragi		Cholam		Salt	
	1919-20	1918-19	1919-20	1918-19	1919-20	1918-19	1919-20	1918-19
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Bangalore ...	24 4 0	21 10 0	14 1 0	10 7 0	12 0 0	..	8 12 0	10 11 0
Kolar ...	25 2 0	25 8 0	14 8 0	11 8 0	...	...	7 8 0	11 0 0
Tumkur ...	26 12 0	20 14 0	12 15 0	9 9 0	...	..	8 9 0	10 9 0
Mysore ...	26 2 0	19 14 0	13 14 0	10 13 0	12 8 0	14 1 0	9 4 0	10 8 0

No 911-900 —Stl. 22-20-5, dated 31st March 1921

(*b*) It will be observed from the above that the prices of cholam and salt have fallen during the year, while those of rice and ragi have risen in spite of the fact that total output under these crops was larger than in the previous year.

ANNEXURE I.

Letter No 3947 —C 655-2, dated 26—27th November 1920, from the Director of Agriculture in Mysore to the Chief Secretary to the Government of His Highness the Maharaja of Mysore.

In pursuance of Government Order No R. 246-63—Agri. 3-16-3, of the 6th July 1916, I have the honour to submit herewith my comments on the season and crop report for 1919-20 draft of which has been received from the Revenue Commissioner with his letter No. C Per 140 of the 19th instant I have the honor to remark that as I have previously stated my comments on the Agricultural statistics of the late must necessarily have but little value as I have no means of checking any of the figures

On page 2, para 2 of the Revenue Commissioner's review it is stated that the area under barley has decreased. An examination of Table A-3 shows that the total area under this crop for the State is given as 40 acres as against 4,156 acres for 1918-19. The only district now showing an acreage under this crop is Mysore district There is no barley grown in Mysore State The area which has for many years appeared as under this crop is really occupied by spelt wheat and should be included in the area under wheat The area under barley should disappear

In the same para it is stated that the area under mulberry has shown a shrinkage of 6,496 acres. The figures given in Table A-3 show a shrinkage of over 15,000 acres for the State. I believe the figures upon which this statement is based to be incorrect The misunderstanding has partly arisen from the fact that the figures for 1918-19 are demonstrably incorrect. Thus the figures for 1918-19 show an area of 2,214 under mulberry in the Shimoga district. Mulberry is not grown in this district at all and the statement for 1919-20 rightly shows a blank This accounts for an apparent but fictitious shrinkage of over 2,000 acres Again we find the area for Mysore district for 1918-19 returned as 28,702 acres, but reference to the talukwar statement on pages 61-62 of the report shows that no talukwar figures were furnished for this year. It appears probable therefore that the figures for 1918-19 may themselves have been too high. In any case there is every evidence of a steady increase in the area under mulberry in the State during the past three years an increase which during the present year 1920-21 has been very markedly accelerated

Turning to Table A-3 the following are some of the discrepancies which seem to me to require explanation.

1. Figures for Bengal gram in the Kolar district show an increase from 1,033 in 1918-19 to 10,284 acres in 1919-20

2 Figures for cowpea show a fall from 9,386 acres in 1918-19 to 3,860 in 1919-20 in Tumkur district and from 16,610 acres in 1918 19 to 420 acres in 1919-20, in Mysore district. The latter figures are I feel sure quite incorrect. The total area under this crop has according to the report dropped to less than half that shown for 1918-19. This appears to me highly improbable

3. Dyes other than indigo are reported to occupy 1,200 acres in the Shimoga district, while previous years have shown a blank for this district. It would be interesting to ascertain just what crop or crops are returned under this head

4. The drop under arecanut in the Hassan district from 7,301 acres in 1918-19 to 150 acres in 1919-20 appears to me quite inexplicable.

5. The steady rise in the area under cocoanut is worthy of comment.

Rules for Recruitment to the grade of Amildars and Deputy Amildars.

No. R. 10111-25—L. R. 118-20-1, DATED 11TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 7304-52—L. R. 345-17-1, dated the 21st January 1918, issuing revised rules for recruitment to the grade of Amildars and Deputy Amildars.

2. Correspondence ending with D. O. No. 77, dated the 23rd September 1920, from the Revenue Commissioner in Mysore, expressing his views on certain suggestions for the revision of the aforesaid rules.

Order No. R. 10111-25—L. R. 118-20-1, dated 11th March 1921.

The selection of candidates for Amildari service is, under the existing rules, confined to the Revenue Department, the General and Revenue Secretariat and the office of the Private Secretary to His Highness the Maharaja. It is urged that under the present method of recruitment not only is there a dearth of a sufficient number of men thoroughly qualified for executive work but efficient men from other departments are debarred from entering the Amildari service and backward communities are insufficiently represented in the said service.

2. Government have given the matter their careful consideration and are of opinion that, besides the selection of candidates from the approved list under the existing rules, there should also be another method of recruitment whereby suitable candidates of the backward communities working in other departments could be selected and appointed as Revenue Probationers and given a thorough training in Revenue work before being sent out as Amildars and Deputy Amildars. They are therefore pleased to direct that for the next three years not more than three men with suitable qualifications be selected every year from among the officials of departments now excluded for recruitment under the ordinary rules, such as Police, Excise, Registration, Judicial and Survey, and appointed as Probationers on a pay of Rs. 100 per mensem. The persons to be selected should not be above the age of 35 years, and they will be on probation for a period of two years, during which they will undergo training in all branches of revenue work as laid down in Government Order No. R. 8006-18—L. R. 554-16-4, dated 4th February 1918, and also pass the prescribed service and equitation tests. If they qualify themselves within the Probationary period, they will be appointed as Deputy Amildars or Amildars according to vacancies and in case they fail, another year of grace will be allowed on a reduced salary.

3. The Heads of Departments concerned are requested to submit to Government before the end of June every year a list of non-brahmin officials of their department, of suitable age and drawing Rs. 50 and above, whom they consider to be suited for executive service from whom a selection will be made for appointment as Probationers.

GENERAL AND REVENUE DEPARTMENTS

Order No. R. 10560-9—R. M. 35-20-1, dated 24th March 1921.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the rates of ordinary and penal interest prescribed in Rules III and X of the Rules framed under Section 10 of the Land Improvement Regulation IV of 1890 and under Section 194 of Land Revenue Code be increased from 5 per cent and 6¼ per cent to 6½ and 8 per cent, respectively.

2. A notification amending the rules accordingly will be published in the *Mysore Gazette.*

READ—

Government Order No. R. 6164-73—L. R. 12-16-63, dated 15th December 1916, prescribing a form of report of inspection of villages under the Village Improvement Scheme.

2. Correspondence ending with letter No. C. 854, dated 22nd January 1921, from the Revenue Commissioner in Mysore, recommending that the form prescribed in the Government Order read above be abolished as all the Deputy Commissioners are unanimously of the opinion that the form is too elaborate and entails expenditure of time and labour quite disproportionate to the advantage derived therefrom, as some of the questions raised therein admit only of vague answers and others require a prolonged house to house enquiry, while important items of revenue work like collection of Land Revenue, maintenance of tanks and boundaries are altogether omitted from the form.

Order No. R. 10571-9—R M 2-20-32, dated 24th March 1921.

Government agree with the Revenue Commissioner, and direct that the submission of the inspection reports in the form prescribed in the Order dated 15th December 1916, be discontinued in future.

OFFICIAL MEMORANDUM.

Subject.—Statement showing the progress made in the working of the Village Improvement Scheme in the districts during the quarter ending 30th September 1920.

None of the district returns was received on the due date, the following being the dates of their receipt:—

Bangalore	... 8th Nov 20	Hassan	... 26th Oct 20
Kolar	.. 15th Nov. 20	Shimoga	... 1st Dec 20
Tumkur	... 13th Nov. 20	Kadur	... 31st Dec 20
Mysore	{ 14th Jan. 21 { 7th Feb. 21	Chitaldrug	... 8th Jan. 21

The figures for the Hunsur Taluk were furnished so late as the 7th February 1921. The explanation of the Amildar should be obtained for the delay and sent up with the opinion of the Deputy Commissioner. All the Deputy Commissioners are requested to insist on punctual submission of the returns by the Amildars, so that the consolidated statement may be sent on the due date.

Committees.—Excepting in the district of Bangalore (which shows a decrease of 89) and the districts of Mysore, Hassan and Shimoga (which show an increase of 54, 3 and 40 Committees, respectively), the number of Committees remained stationary during the uarter in the other districts. The Deputy Commissioner of Bangalore should have rnished an explanation for the large reduction in the number of Committees and the mber of villages served by them. In the Shimoga District, though the number of Comtees is said to have increased by 40, the number of villages and the population served them is less by 17 and 4,682, respectivelv. This requires explanation.

No. R. 10902-13—R. M. 2-20-34, DATED 31ST MARCH 1921.

Essential duties under the scheme.—The number of Committees that devoted half a day per week for communal labour increased in the districts of Kolar and Hassan by 3 and 92 and decreased in the Bangalore, Tumkur, Mysore, Shimoga and Chitaldrug Districts by 166, 148, 30, 1 and 7, respectively, and remained stationary in the Kadur District. On the whole, there has been increase of 257.

Subscribing for newspapers.—The number of Committee that subscribed for one or more newspapers increased in the Mysore, Kolar and Shimoga Districts by 27, 15 and 10 and decreased by 116, 318, 2, 2 and 26 in the districts of Bangalore, Tumkur, Hassan, Kadur and Chitaldrug, respectively. The large decreases in the districts of Bangalore and Tumkur should have been explained.

Recreation.—There was an increase by 9, 6, 12, 3 and 1 in the Committees that held weekly meetings for recreation or instruction in the Districts of Kolar, Mysore, Hassan, Shimoga and Kadur, respectively, and a decrease by 93, 239 and 16 in the districts of Bangalore, Tumkur and Chitaldrug, respectively.

Special Village Improvement Works.—During the quarter under review, 849 Village Improvement Committees, as against 978 during the previous quarter, carried out special works of Village Improvement.

Contribution by villagers.—The contribution by villagers during the quarter amounted to Rs. 8,019 as against Rs. 15,258 during the previous quarter. The Bangalore District stood first with a contribution of Rs. 2,985, while there has been no contribution at all in the districts of Hassan and Kadur.

The amount actually spent during the quarter was Rs. 5,902 as against 16,409 during the previous quarter.

Cart-tracks.—The length of cart-tracks newly opend or improved was 337 miles as against 451 miles during the previous quarter, the Bangalore District standing first with 68 miles.

Village Common Fund.—A sum of Rs. 3,343 as against Rs. 2,991 and 163½ pallas of grain during the previous quarter, was collected towards the Village Common Fund, the bulk of it, namely, Rs. 1,916 being collected in the Tumkur District.

Amildars that have done good work.—It is reported by the Deputy Commissioner of Shimoga that the Amildars of Shimoga and Honnali have done good work. The Kadur District Deputy Commissioner remarks that there is nothing special to report under this item. Information on this point has not been furnished by the other Deputy Commissioners.

No. R. 10902-13—R. M. 2-20-34, DATED 31ST MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 2618-19—Ft. 12-16-4, dated the 4th September 1916, passing orders regarding the maintenance of Joint-fire line between Pujekal and Ballemurkal.

2. Letter No. 379, dated the 20th December 1920, from the Conservator of Forests in Mysore, stating that the extra Deputy Conservator of Forests, Coorg, informs that between the 20th and the end of February 1920, the Mysore State Forests from the Anechowkur road to the Cavery river were ablaze and the fire spread to the Coorg Forests at several places, with the result that all the Coorg Forests between the above named places were burnt considerable damage done to Kumries and Plantations, and recommending that, with a view to prevent such disasters in future, the following arrangements now in force between Lakshmantirtha river and the Mysore-Coorg-Malabar trijunction may as suggested by the Deputy Conservator of Forests Coorg, be also applied to the length between the Cavery river and the Lakshmantirtha—

(*a*) that Mysore should clear a fire-line 66ft. wide parallel to the present clear line of 50'-70' wide on the Coorg side.

(*b*) that a belt of Forest 100' wide should be annually burnt on either side of the cleared line, *i.e.*, both in Coorg and Mysore.

(*c*) that a path 10' wide should be kept clear of all trees and grass as far as possible in the middle of the cleared line; the cleared line in the middle being in charge of the Deputy Conservator of Forests, Coorg, Mysore paying half expenses.

(*d*) that the burning of the belt of forests in Mysore should be done by Mysore and in Coorg by Coorg, each Ranger giving the other at least a week's notice of his intention to burn.

No. R 10242-3—Ft. 130-20-4, dated 14th March 1921.

The Chief Commissioner of Coorg, who was addressed in the matter, having expressed his approval to the Conservator's proposals contained in his letter dated the 20th December 1920 read above, Government are pleased to accord sanction to the arrangements and accordingly direct that necessary instructions be issued to give effect to the same.

Examination Leave to Forest Officers.

No. R. 10302-3 -Ft. 177-20-2, dated 15th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read--

Correspondence ending with letter No. 264, dated 4th November 1920, from the Conservator of Forests in Mysore in the matter of the grant of Examination leave to officers of the Forest Department.

Order No. R. 10302-3—Ft. 177-20-2, dated 15th March 1921.

Article 193 of the Mysore Service Regulations permits the grant of Examination leave to Forest Officers for a period of three months for passing the Examinations in the Forest Code, while under Section 38 of the latter, such leave can be granted only to Officers holding substantive appointments of Assistant or Sub-Assistant Conservators of Forests to enable them to pass certain Local Service Examinations specified in the previous section. The Conservator suggests that the provisions of the Forest Code may be amended so as to conform to the provisions of Article 193 of the Mysore Service Regulations and adds that the special concession of Examination leave is very necessary in the case of Forest Officers.

2. Government observe that there is no need to accord any special treatment to the officers of the Forest Department and to allow them the concession of an Examination leave which will count as duty qualifying for privilege leave and pension.

3. Under Section 67 of the Madras Forest Department Code, Examination leave is permissible to Forest Officers only in exceptional cases, and, Government will be prepared to consider on their merits such exceptional cases where leave of the kind is indicated.

4. The Conservator is requested to submit necessary amendments to Sections 37 and 38 of the Forest Code, now under revision.

5. Article 193 of the Mysore Service Regulations will also be amended in conformity with this order.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.
The Comptroller to Government.

Report on the Administration of the Excise Department for the year 1919-20.

No. R. 9893-903—Ex. 63-20-11, DATED 5TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. G. C. 80-20, dated 14th October 1920, from the Excise Commissioner in Mysore, forwarding the report on the working of the Excise Department, for the year 1919-20.

Order No. R. 9893-903—Ex. 63-20-11, dated 5th March 1921.

Principal features.—The leading features in the Excise Administration of the State during the year under review were (1) the reduction in the strength of arrack from 30 U. P. to 35 U. P., (2) the enhancement of the duty on country liquors to Rs. 6 per gallon of 35 U. P. in Bangalore City and to Rs. 5-4-0 per gallon elsewhere in the State, (3) enhancement of the duty on ganja from Rs. 15 to Rs. 17-8-0, per seer of 80 tolas and (4) enhancement of the issue price of opium from Rs. 45 to 50 per seer of 80 tolas. The rules relating to the manufacture and sale of arrack, toddy, beer, Akkibhoja (or rice-beer), ganja, cocaine and opium were revised and rules were framed to regulate the sale of morphia drugs and medicated wines. Most of the conditions regulating excise sales were modified and issued in the form of a permanent set of rules. Some of the forms of returns and registers in use were revised. The pay of the subordinate staff (Excise Inspectors and below) was revised as a first instalment of the scheme for the reorganization of the Excise Department.

2. *Financial results.*—The gross demand including arrears for the year under review was Rs. 78,95,517, against Rs. 72,70,693, in the year previous. The collections amounted to Rs. 76,72,480 against Rs. 71,32,731 in 1918-19. The increase was mainly under "Arrack," "Toddy" and "Ganja." The actual collection during the year was 98·2 per cent of the demand against 98 per cent in 1918-19. The irrecoverable arrears written off in the year rose to Rs. 24,429 from Rs. 7,262 last year. The increase was largely due to remissions of shop rents, due from certain licensees owing to want of stock of liquors in some Bonded Depots.

3. *Incidence of taxation.*—The general incidence of taxation per head of population was Rs. 1-6-1 against Rs. 1-4-9 in 1918-19.

4. *Manufacture and consumption of country spirits.*—The arrack manufacturing contract of Mr. Haji Ismail Sait terminated on the 30th June 1920. Messrs. A. Thangavelu Mudaliar and M. Narasimhaiya were given the contract for a period of three years from 1st July 1920.

5. The Chief Engineer is requested to arrange for the early provision of the additional accommodation in the Distillery buildings required by the Excise Commissioner.

6. The total quantity of spirits manufactured during the year was 517,107 gallons against 562,070 gallons in 1918-19 and the quantity issued to the Depots in the State and the Civil and Military Station, Bangalore, were 418,965 gallons and 117,442 gallons respectively, the corresponding figures for the previous year being 425,610 and 126,646 gallons respectively. The balance of liquor at the close of the year was 10,858 gallons.

7. *Arrack.*—The total consumption of arrack during the year was 373,551 gallons against 395,351 gallons in 1918-19, showing a decrease of 20,358 gallons. It is satisfactory to note that there has been a steady decline in consumption as will be seen from the details noted in the

Year	Consumption in gallons
1916-17	419,621
1917-18	409,764
1918-19	395,351
1919-20	373,551

margin. There was a slight rise in consumption in Mysore, Hassan and Kadur Districts; but the other districts showed a heavy decline.

8. *Special and foreign liquors.*—There was appreciable decrease in the consumption of special liquors, the figures for the year 1919-20 being 24,204 gallons against 27,521 in 1918-19, the Excise Commissioner has not accounted for the decline in the consumption of these liquors. The consumption of foreign liquors, on the other hand increased from 16,632 gallons to 20,008 gallons due to the removal of restrictions imposed on their import during the war.

9. *Toddy.*—The number of trees of all kinds tapped during the year was 470,033 against 443,788 in 1918-19. The number of trees tapped in British India for Mysore shops was 27,617 against 30,113 in 1918-19, while the number of trees tapped in the State for British Indian shops was 20,503 against 18,526 in 1918-19. There was on an average 1 shop to 2,128 persons and 11·1 square miles against 2,123 persons and 11·07 square miles in 1918-19. The total revenue from toddy was Rs. 37,98,417 against Rs. 34,54,275 in 1918-19, the increase being mainly due to enhanced shop rental.

10. *Date groves.*—The Excise Commissioner's proposals for improving and conserving date groves are awaited. Orders have issued for printing the revised lists of date reserves of Bangalore, Kadur and Chitaldrug Districts, and parts of Hassan District. Orders of Government have also issued directing the surrender of date reserves not required by the Excise Department for cultivation. The Excise Commissioner is requested to expedite submission of the revised lists of date reserves of the remaining taluks and of lists of date reserves that can be surrendered for cultivation in these taluks.

11. *Country beer.*—The consumption of country beer in the State during th year was 13,085 gallons against 17,569 in 1918-19. No canteen license was issued during the year for the Military Camp at Hebbal.

12. *Akkibhoja.*—The number of Akkibhoja shops remained at 35 as in previous years. Rules have been framed for the disposal of these shops and for the manufacture of Akkibhoja for sale.

13. *Ganja.*—The area under ganja cultivation during the year was 90 acres against 67 in 1918-19. The out-turn of the drug per acre was also better, being 6 maunds per acre against 5·8 in the previous year. The number of shops was 252 against 258 in 1918-19. But the consumption increased from 11,172 seers to 13,740 seers.

14. *Opium.*—The number of opium shops fell from 107 to 100. The consumpe tion of the drug is reported to have increased from 2,053 seers to 2,249 seers in spite of the enhancement of the issue price from Rs. 45 to Rs. 50 per seer.

15. *Offences.*—During the year under review, 2,684 cases involving 3,629 persons were reported against 2,843 cases involving 3,718 persons in 1918-19. The number of heinous cases including pending cases of the previous year was 637 against 544 in the previous year, while the number of offences relating to breach of license conditions and of similar minor nature rose from 2,299 to 2,472. Three hundred and eighty cases were pending at the close of the year against 342 in 1918-19. It is satisfactory to note that the percentage of conviction to cases tried during the year is 88·8.

16. *Intelligence Staff.*—The Excise Intelligence staff is reported to have confined its attention mainly to cases of smuggling of ganja and opium, the number of cases detected by them being 37 against 40 in 1918-19. This is not satisfactory. They must make it a point to pay special attention to all kinds of heinous offences, and show better results.

17. *Licensing Boards.*—The Licensing Boards of Bangalore and Mysore Cities and Kolar Gold Fields are reported to be working satisfactorily. Advisory Boards are reported to have been formed at the headquarters of the other districts. The Advisry Board of Hassan seems to have done some useful work. It is reported that the other Advisory Boards did not meet. This is not satisfactory. The Excise Commissioner is requested to issue instructions to the Deputy Commissioners concerned to organize the Boards forthwith on a practical basis and to arrange for their periodical meeting.

No. R. 9893-903—Ex. 63-20-11, dated 5th March 1921.

18. *Inspections.*—The Excise Commissioner was on tour for 102 days during the year against 92 in 1918-19, during which he visited all the districts and inspected the District Excise Offices of Kolar, Shimoga, Chitaldrug and Hassan. It is unsatisfactory that the inspection work done by District Excise Officers left much to be desired, especially those of Bangalore, Kolar and Shimoga District, who did not inspect even 50 per cent of the number of shops in their jurisdiction during the year. The attention of the Excise Commissioner is invited on this point to para 16 of Government Order No. 9450-9—Ex. 62-18-24, dated 28th January 1919, reviewing the Excise Administration Report for the year 1917-18. The District Excise Officers should be required to systematize their inspection work by submitting to the Excise Commissioner at the beginning of every month a programme of inspections, which should be adhered to as far as possible. The Excise Commissioner is also requested to see that the District Excise Officers tour for at least the minimum number of 150 days in a year prescribed in Government Order No. R. 11991-2—Ex. 87-19-2, dated 14th April 1920.

General.—The Administration of the Excise Department during the year under review was on the whole satisfactory.

Control, Manufacture, Custody
Supply and Sale of Stamps

No. R. 9678-738—St. 14-19-6, dated 2nd March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Correspondence ending with letter No. C. R. 114-20-21, dated 3rd December 1920, from the Commissioner of Stamps in Mysore furnishing his views on Representative Assembly Subject No. 40 of the October Session of 1919 in the matter of the appointment of salaried Stamp Vendors and proposing certain amendments to Rule 70, clause (2) and Rule 71 of the Rules relating to the control, manufacture, custody and sale of stamps issued with Government Order No. Fl. 2269-70—S. R. 175-13-4, dated 2nd November 1916.

Order No. R. 9678-738—St 14-19-6, dated 2nd March 1921.

Government are pleased to direct that the places and hours of sale be fixed by the Deputy Commissioners when granting licenses to vend stamps.

The following amendments proposed by the Commissioner of Stamps to the rules regulating, manufacture, etc., of Stamps with this object in view are approved accordingly:—

Rule 70, clause (2) For the words—

(1) "the place of vend" occurring in line 2 substitute the words "the places and hours of vend."

(2) In the form of "License to vend Stamps" between the words "to sell at ...." and "Stamps" occurring in line 2, insert the words "from (hour).. .to (hour)....".

Rule 71.

Between the words "Licensed Vendor of Stamps" and "in English and Kanarese" in lines 2 and 3 insert the words "and indicating the places and hours of vend."

Administration Report of the Kolar District Board for 1919-20.

No. R. 10648-50—L. B. 68-20-20, DATED 26TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Kolar District Board for 1919-20, received with the President's letter No. H. C. 100—20-21, dated 6th November 1920.

Order No. R. 10648-50—L. B. 68-20-20, dated 26th March 1921.

Recorded.

2. *Constitution.*—The number of Local Boards remained the same as in the previous year, the District Board and 11 Taluk Boards having been brought under the new Local Boards and Village Panchayet Regulation.

3. *Election.*—All the Taluk Boards, except Chintamani, elected their non-official Vice-Presidents. In the case of Village Panchayets, it is observed that elections were held in only 5 out of 120 Panchayets. The attendance of voters at the election of numbers to the several Boards was also very meagre.

4. *Meetings and Attendance.*—The District Board held 5 ordinary and 4 special meetings and the attendance of the members therein was satisfactory, being about 64 per cent. The non-official members are reported to have taken keen interest in the deliberations. The Special Finance Committee of the District Board consisting of officials and non-officials formed for checking the accounts of the Board met five times during the year and scrutinized the accounts and the budget. All the Taluk Boards, except Chintamani, Mulbagal and Sidlaghatta, held the prescribed number of meetings. The average attendance of official and non-official members at the meetings of the Taluk Boards was 2·6 and 7·7 against the sanctioned strength of 3·8 and 12·6, respectively. The non-official members in the several Taluk Boards have not taken much interest in the meetings. It is hoped that the large powers conceded to the Taluk Boards will make the members realise to a greater extent their responsibility in the proper management of the Taluk Board affairs. It is also seen that though 120 Village Panchayets were fully formed during the year, only 8 Panchayets held the prescribed number of meetings. This is very unsatisfactory and it is hoped that the local officers will take needful steps in popularising these local bodies.

5. *Finance.*—Excluding receipts under "Public Debt" the actual income of the District Board was Rs. 2,35,503, showing an increase of Rs. 24,013 over the amount of the previous year. The chief items which contributed to the increase were (1) under Railway Cess to the extent of about Rs. 35,000 and (2) Local Cess under Land Revenue.

The total expenditure of the Board amounted to Rs. 1,41,902 against Rs. 1,46,128 and the variations are not sufficiently large to call for any remark. Including railway transactions, the year closed with a minus balance of Rs. 2,00,380. The question of disposing of the 3½ per cent securities to wipe off this minus balance is still pending consideration of the Board. It is hoped that early settlement will be effected regarding the adjustment of railway accounts and an early decision will be arrived at to maintain a proper balance. The total demand under all heads including the arrears of previous years was Rs. 2,83,133, of which Rs. 2,35,671 was collected, leaving a balance of Rs. 46,551. The demand under house and mohatarfa taxes in Village Panchayets amounted to Rs. 32,893, and the collection was only Rs. 14,277, leaving a balance of Rs. 18,616. Government agree with the President in obsering that the collection work in the Village Panchayets is very poor. It is hoped that these Panchayets will show more activity in collection work and reduce the arrears to the least possible minimum.

No. R. 10648-50—L. B. 68-20-20, dated 26th March 1921.

6. *Public Works.*—Out of the total grant of Rs. 61,124 for works executed by the Public Works Department the total cost incurred was Rs. 56,817. But under works, executed by the Civil Department there was a lapse of Rs. 17,320 (50 per cent), while the allotment for the year was Rs. 34,300. In the Goribidnur Taluk as much as 96 per cent of the grant was allowed to lapse. It is hoped that better attention will be paid to the programme of works and their execution during the current year.

7. *Roads.*—Though the estimates for the Srinivaspur-Punganur road were sanctioned in 1918-19, the progress made during the year was very meagre as only a sum of Rs. 6,069 has been spent for the works out of the total estimate for Rs. 44,547. The condition of the roads maintained in the interior by the Civil Department is stated to be unsatisfactory. The District Board will see that all their roads are kept in an efficient condition and that the allotments therefore in the budget are fully utilised.

8. *Water-Supply.*—A sum of Rs. 12,825 was spent on well-works carried out during the year against Rs. 18,982 in the previous year. It is satisfactory to note that 82 wells were completed during the year, as against 26 of the previous year, the Bowringpet Taluk contributing the largest number, *viz.*, 49. Fifty-one-wells estimated at a cost of Rs. 17,412 were sanctioned for the use of the depressed classes, no contribution being recovered in these cases. Though 244 wells in all have been completed under the scheme, it is seen that, except in the taluks of Bowringpet, Mulbagal and Srinivaspur, the progress in this direction is very slow. It is hoped that the Presidents of Taluk Boards will show better progress and see that a major number of the incompleted wells (*viz.*218) are completed during the year.

9. *District Board Railway.*—The receipts from Railway cess on the several items of revenue and interest on the investment amounted to Rs. 96,616. Early settlement should be effected regarding the accounts relating to this railway by taking into account the income creditable to the Board and the working expenses debitable thereto.

10. *Public Health.*—The number of births and deaths was 8,991 and 8,623 respectively, during the year. Public health was generally good and it is seen that there was a less number of deaths from plague, cholera and small-pox.

Village Sanitation Rules have also been made applicable in 1,680 villages and it is satisfactory, to note that the local people are realising their responsibility in this direction. The disposal of building licenses has also received better attention during the year. Out of 1,799 applications, 1,214 have been disposed of, leaving 585 pending at the close of the year. Removal of prickly-pear and rank vegetation has also received some attention from the villagers. The number of vaccinations done during the year shows a slight improvement, the number being 15,532 as against 12,200 in the previous year.

11. *Miscellaneous.*—In addition to the exhibitions held in connection with each Taluk Conference, a District Exhibition was also held along with the District Conference. It is hoped that these exhibitions will stimulate the interest of the people in the development of industries, arts and manufactures relating to the district.

The accounts of the Board were audited by the Auditors of the Comptroller's Office and the Special Finance Committee of the District Board and no serious irregularities were noticed.

12. *General.*—The Local Self-Government Scheme has been in operation for over a year. Bye-laws have been framed in some instances and a portion of the revenues has been made over to the Taluk Boards. It is hoped that the members will evince the amount of interest that is expected of them in the working of these local bodies.

Discontinuance of the Demand, Collection and Balance Statements.

No. R. 10881-9—L. B. 21-19-36, dated 31st March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 6532-40—L. B. 284-08-12, dated 1st February 1910, directing the submission of Demand, Collection and Balance Statements relating to the revenue of the District Boards and of the Kolar Gold Fields Sanitary Board.

Order No. R. 10881-9—L. B. 21-19-36, dated 31st March 1921.

Under the Local Self-Government Scheme, the Demand, Collection and Balance Statements of Village Panchayets should be reviewed by the Taluk Boards concerned, while those of the latter should be checked by the District Board concerned. Government therefore direct that the submission in future of the statements referred to in the Government Order read above be discontinued.

B. RAMASWAMAIYA,

District Fund Administration Report of the Tumkur District.

No. R. 10829-31—L. B. 68-20-22, DATED 30th MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The District Fund Administration Report of the Tumkur District for the year 1919-1920, received with letter No. P. R. 14-12 of 19-20, dated the 26th September 1920, from the President, District Board, Tumkur District.

Order No. R. 10829-31—L. B 68-20-22, dated 30th March 1921.

Constitution.—During the year under report the marginally noted 82 Local Boards were working in the district. The District Board as well as the Taluk Boards of Tiptur, Pavagada and Koratagere were reconstituted. The District Boards and the several Taluk Boards (except Tumkur) had their Vice-Presidents elected from among the non-official members.

1	District Board
10	Taluk Boards.
71	Village Panchayets.
82	

Meetings and attendance.—The number of meetings held by the District Board in the year was 6, while all the Taluk Boards with the exception of Maddagiri held the prescribed number of meetings. The average attendance of the official and the non-official members in the District Board was 4 and 13 against 4 and 11, respectivelly and that in Taluk Boards was 2·7 and 7·5 against 2·4 and 4·7, respectively, in the previous year. Government are glad to note the continued interest taken by the non-official members in the affairs of the District Board.

Village Panchayets.—The attendance in the Village Panchayet was not satisfactory as 14 of them held no meetings at all ; only 6 met the prescribed number of times and 48 panchayets held less than the required number of meetings. Nothing is stated about the 3 remaining Panchayets. The Deputy Commissioner is requested to see that in future reports accurate and full information regarding the meetings held by all the Village Panchayets is furnished for the information of Government.

Finance.—The year opened with a balance of Rs. 4,59,812. The total income under all heads exclusive of public debts was Rs. 2,06,779 against Rs. 2,51,420 in the previous year, showing a decrease of Rs. 44,641 due to the absence of a State contribution for the Drinking Water Wells Fund and also to a fall under Local and Railway cesses. The expenditure incurred during the year was Rs. 1,16,044 against Rs. 1,13,018. The increase of Rs. 3,026 is reported to be due to a larger outlay on Public Works Department Works, to the payment of Vaccination Establishment and to the grant of the high prices allowance to the employees. The total demand under all heads including arrears was Rs. 2,28,062, of which a sum of Rs. 2,06,779 was collected, leaving a balance of Rs. 21,283. Out of this balance a sum of Rs. 20,278 or 23% remained uncollected under house-tax including mohatarfa at the end of the year. Prompt steps should be taken for collecting all the arrears. The closing balance at the end of the year was Rs. 5,53,769.

Public Works.—The amount available for expenditure was Rs. 57,807. A sum of Rs. 38,857 was spent on improvement and repairs of District Fund roads. Under special works no outlay was incurred out of the allotment of Rs. 25,763. There has been a heavy lapse of 37% in the total allotment. This could have been avoided if due care had been taken to prepare before hand a programme of the works to be undertaken during the year. Thirty-three per cent of the budget grants were allowed

to lapse under expenditure by the Civil Department, owing to the reported paucity of local contractors. The explanation is not however every convincing. It is hoped that these lapses will be avoided in future by timely and proper distribution of allotments for expenditure by the several Village Panchayets and Taluk Boards.

It is disappointing to note that for want of co-operation among the people there has been no appreciable progress under the Village Improvement Scheme. The Village Panchayets should be made to evince greater interest in this direction, and to fully utilize the larger powers conceded to them in the management of their own affairs.

Water-supply.—In the year under review Rs. 228 wells inclusive of incomplete works of previous years at an estimated cost of Rs. 51,790 were in progress. Out of these only 57 wells were actually completed. The outlay during the year, out of Rs. 74,891 available for expenditure, was only Rs. 18,720. The scheme requires better attention to be paid to it.

Vital statistics and vaccination—The total number of births and deaths during the year was 14,031 and 10,750 against 15,742 and 53,238 in the previous year. It is satisfactory to note that the number vaccinated during the year rose to 12,353 against 7,808 during the previous year.

General.—Government observe that there is much scope for improvement in the District under the Local Self Government Scheme. The administration of panchayets and execution of public works should receive greater attention and appreciable progress shown the next year.

Administration Report of the Bangalore City Municipality.

No. R. 9802-10—Ml. 116-20-18, DATED 3RD MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Administration Report of the Bangalore City Municipal Council for the year 1919-20, received with the President's letter No. 99, dated 13th November 1920.

Order No. R. 9802-10—Ml. 116-20-18, dated 3rd March 1921.

The principal events in the city during the year were, the visit of His Excellency the Viceroy in November 1919, the Peace Celebrations in December of the same year and the reception accorded by the Municipal Council to the Imperial Service Lancers and Transport Corps who returned from Field Service.

2. *Constitution.*— Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty, C.I.E., continued to be President of the City Municipal Council till the end of January 1920. After his retirement, the Office of the President was for the first time thrown open for election from among the Councillors. At the election held on 1st February 1920, Mr. B. K. Garudachar was elected as President of the Municipal Council. Mr. Mahomed Abbas Khan continued to be the elected Vice-President throughout the year.

3. *Elections and Nominations.*—Two bye-elections were held during the year, *i.e.*, (1) in respect of the Palace Division No. I and (2) the Basavangudi Division No. VIII to fill up the vacancies caused by the death of Mr. M. Basava Iya, B.A., B.L., and the resignation of Mr. S. Ramachandra Swami, B.A., and their places were filled up by Messrs. Belur Srinivasa Iyengar, B.A., B.L., and H. Krishnappa, B.A., respectively. In the vacancies caused by the resignation of Messrs. K. P. Puttanna Chetty and K. S. Krishna Iyer, B.A., and the death of Mr. D. Venkataramaiya, Messrs. V. B. Srikantaiya, M. Venkatasubbaiya and B. V. Krishna Iyengar were nominated as Councillors.

4. *Meetings and attendance.*—The total number of meetings held during the year was 23 (12 ordinary and 11 special) against 22 in the previous year. The average attendance of members was 18·3 against 18·4 in the previous year for the total strength of 28 members.

5. *Working of the Committees.*— There were in all three Committees working during the year. The Managing Committee met 38 times against 32 in the previous year with an average attendance of 5·02. The Municipal Improvement Committee met 21 times with an average attendance of 4·8. It is satisfactory to note that both the Committees continued to do good work during the year. The work done by the Education Committee continues to leave much room for improvement.

6. *Financial Position.*— The year opened with a cash balance of Rs. 1,12,311.

1.	Quarter ended	30th June 1918.
2.	Do	31st December 1918.
3.	Do	31st March 1919.
4.	Do	30th June 1919.
5.	Do	30th September 1919.
6.	Do	30th June 1920.

The normal income of the Municipal Council was Rs. 5,68,974 against Rs. 5,03,190, resulting in an increase of Rs. 65,757 chiefly under taxes on buildings and lands and octroi on account of large import of piece-goods and sugar. The total demand including the arrears of previous years amounted to Rs. 11,21,701, out of which Rs. 10,56,399 was collected and a sum of Rs. 593 was remitted, leaving a balance of Rs. 64,729. The collection under assessed taxes was satisfactory, being Rs. 1,55,172 against Rs. 1,30,924 in the previous year, representing 75·07% of the total demand against 69·8 in the previous year. The balance outstanding at the end of the year was Rs. 51,179 or 24·7% of the total demand against 29·7 in the previous year.

Prompt steps should be taken to collect the arrears. It is reported that the amount of contributions on account of arrack surcharge fees due to the Municipal Council for the periods noted on the margin have not yet been adjusted. The Excise Commissioner is requested to expedite the adjustment of the outstandings and to make necessary arrangements for timely adjustment of such fees in future.

The normal expenditure was Rs. 3,89,404 against Rs. 3,45,701, the increase of Rs. 43,703 being due to the payment of Grain Compensation and War Allowances. The year closed with a cash balance of Rs. 60,287. Government are glad to note that there has been steady improvement in the financial position of the Municipality from year to year.

7. *Incidence of Taxation.*—The incidence of taxation per head of population was Rs. 5-2-0 as against Rs. 4-8-6 in the previous year.

8. *Public Works.*—The total expenditure incurred during the year by the Municipal Engineering Department was Rs. 1,21,559 out of the allotment of Rs. 1,29,500 against an expenditure of Rs. 1,11,877 out of the allotment of Rs. 1,18,080 in the previous year. The percentage of lapses was 6·1 under the head as against 5·2 in the previous year.

9. *Acquisition Work.*—Out of the 83 cases in which acquisition proceedings were completed and awards passed during the year, only four cases were referred to the Civil Court for adjudication. The amount of compensation paid was Rs. 34,303-14-6 and the number of cases pending awards at the close of the year was 68. The number of pending cases continues to be very large and calls formore energetic action on the part of the Ch ef Officer. He should complete the work on hand before the end of March next as directed in Government Order No. 8490-1 —Ml. 31-20-45, dated 29th January 1921.

10. *Public Health and Sanitation.*—Public health during the year was generally good. The number of births and deaths registered was 3,690 and 3,367 against 3,266 and 5,977, respectively, in the previous years. Vaccination continued to be compulsory during the year. The number of vaccinations performed was only 4,971 against 7,521 in the previous year. Of these, 3,191 cases or 64·2% were successful.

11. *Public Instructio .* The number of Municipal schools remained the same as in the previous year, *viz.*, 2 and the number of aided schools was reduced from 7 to 6 on account of the Hindu A.-V. School at Sultanpet having been taken over under the Government management. The total amount of expenditure incurred under this head was Rs. 7,408 against Rs. 6,778 in the previous year. The number of branch libraries was the same as in the previous year, *viz.*, 5. The total expenditure incurred being Rs. 4,097 against Rs. 1,789 in the previous year.

12. *Municipal Employees' Co-operative Society.*—Transactions to the extent of Rs. 8,329-5-1 took place during the year. It is satisfactory to note that the society was able to declare a dividend of 6 per cent against 4½ per cent in the previous year.

13. *Bangalore City Improvements.*—The Bangalore City Improvement Committee which was constituted so far back as December 1913 was reconstituted during the year with a Chairman and six members appointed by Government and Vice-Chairman and four Municipal Councillors nominated by the City Municipal Council. Rajasabhabhushana Dewan Bahadur Mr. K P. Puttanna Chetty, C.I.E., who presided over the old Committee as Chairman since its formation, was appointed as the Chairman of the new Committee w th a separate office for himself. The Committee met 9 times during year. The percentage of attendance was 68.

14. The comprehensive drainage scheme for the old City and its extensions is under the consideration of Government and early orders will be passed. The scheme for the Industrial suburb has been ordered to be abandoned in Government Order No. R. 4126-31—Ml. 213 16-19, dated 22nd September 1920. No new schemes for the City Improvement were sanctioned during the year, while those sanctioned in the previous year were in progress. The expenditure incurred on the City Improvement Works during the year was Rs. 2,45,407 and the contribution from Government therefor was Rs. 1,16,450.

No. R$_{g}$ 9802-10—Ml. 116-20-18, dated 3rd March 1921.

General.—The work of both the Municipal Council and the City Improvement Committee continued to be satisfactory and the thanks of Government are due to the President and the Chairman and to the members of the respective bodies for the zeal and earnestness with which thay have discharged their duties.

Administratiom Reports of the Minor Municipal Councils in the Mysore District.

No. R. 10039—Ml. 116-20-20, DATED 10TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The reviews of the Deputy Commissioner on the reports relating to the administration of the several Minor Municipal Councils of the Mysore District for the year 1919-20.

Order No. R. 10039—Ml. 116-20-20, dated 10th March 1921.

Constitution.—Nineteen minor Municipal Councils were working during the year Three Minor Municipal Councils of (1) Hunsur, (2) T.-Narsipur and (3) Bannur twere reconstituted, while the other 16 Municipal Councils underwent no change in their constitution.

2. *Meeting and Attendance.*—All the Minor Municipal Councils have held meeting prescribed by the Regulation ; the average attendance of officials being 1·7 and that of non-officials 5·8. In many cases the attendance of members is seen to be unsatisfactory. None of the Municipal Councils except those of Hunsur and Saligram have formed Managing Committees as prescribed in Section 27 of the Municipal Regulation. The Deputy Commissioner is requested to invite the attention of the Presidents of the Municipal Councils to this provision in the Municipal Regulation.

3. *Finance.*—The year opened with an opening balance of Rs. 81,447. The receipts and expenditure during the year amounted to Rs. 63,737 and Rs. 54,591 respectively. The closing balance at the end of the year was Rs. 90,593.

4. *Demand, Collection and Balance.*—The total demand under all heads inclusive of arrears was Rs. 98,972 of which a sum of Rs. 61,068 (exclusive of remission of Rs. 166) was collected, leaving a balance of Rs. 37,638 uncollected. The Presidents and the Vice-Presidents of the Municipal Councils are requested to see that the outstandings are promptly collected remitting such of the arrears as are irrecoverable.

4. *Incidence of Taxes.*—The average incidence of taxation ranged from 6 annas in Saragur Municipality to Rs. 2-4-8 in Yedatore Municipality. There is much scope for improvement in the financial position of the Municipalities and the Presidents are requested to see that the Municipal taxes are regularised and developed as far as possible.

5. *Public Works Department.*—The grant under this head was Rs. 10,286, of which only a sum of Rs. 5,070 was expended allowing a lapse of Rs. 5,216. Few of the Municipalities were able to spend up to the budgetted allotment.

6. *Vaccination.*—The total number of vaccination performed during the year was 930 against 2,286 in the previous year. The Deputy Commissioner has not explained the causes that led to the decrease in the number of persons vaccinated. In future reports, such variations should be explained.

7. *Births and Deaths.*—The total number of births was 1,188 against 1,337 in the previous year, while the total number of deaths was 1,320 against 1,262 in the previous year.

8. *General.*—The continued rise in prices of material and labour and the necessity of raising the salaries of Municipal employees have been factors which have had considerable effect in increasing the expenditure of the Municipalities in the past year. As the income has not been correspondingly increased most of the Municipal Councils are financially in an unsecure position. The Municipalities concerned should therefore devise new means of adding to their income by levy of fresh taxation wherever possible.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Deputy Commissioner, Mysore District.

Exd.—C. R.

No. R. 10460—Mi. 116-20-21, dated 19th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Administration Reports of Minor Municipal Councils in the Bangalore District, for the year 1919-20 and the Deputy Commissioner's Reviews thereon received with his letter No. O. C. 1359 of 20-21, dated the 22nd December 1920.

Order No. R. 10460—Mi. 116-20-21, dated 19th March 1921.

The number of Minor Municipal Councils in the Bangalore District remained the same as in the previous year, *viz.*, 12. The Amildars of the Taluks generally continued to be the Presidents of the Municipal Councils.

2. *Meetings and attendance.*—Only two Municipal Councils, *viz.*, those of Kankanhalli and Devanhalli, did not hold the prescribed number of meetings. The average attendance was 7·6 against the sanctioned strength of 11·2 for each Municipal Council.

3. *Financial condition.*—The year opened with a balance of Rs. 43,347. The income during the year was Rs. 48,542 against Rs. 39,284 in the year previous, resulting in an increase of Rs. 9,258, chiefly under octroi in Nelamangala, Tyamagondlu and Closepet and also under house-tax in Closepet. Out of the Current demand of Rs. 39,152 under house and Mohatarfa taxes, Rs. 34,626 were collected, leaving a balance of Rs. 4,526 or 11·6 per cent of the current demand, uncollected; while out of the arrears of Rs. 15,439, Rs. 6,808 were collected and Rs. 102 remitted, leaving a balance of Rs. 8,529 or 55·2 per cent of the demand uncollected. The collection work in the Anekal Municipality as compared with that in other Taluk Headquarter Municipalities was most satisfactory. Though there is a marked improvement in the collection of taxes for the current year, no steps whatever have been taken to reduce the heavy arrears. This is very unsatisfactory. The Presidents of the Municipal Councils concerned should give their personal attention to and adopt prompt measures for the collection of all recoverable items and for the rest being written off the accounts. The expenditure during the year was Rs. 42,902 against Rs. 42,504 in the previous year, resulting in a smaller increase of Rs. 398 due chiefly to the payment of grain compensation and war allowances to the employees of the Anekal Municipality. The year closed with a balance of Rs. 48,987.

4. *Incidence of taxation.*—The incidence of taxation for the District was Re. 0-14-10 and ranged between Re. 0-6-3 in Sulibele and Rs. 2-2-3 in Tyamagondlu.

5. *Public Health and Sanitation.*—The public health in all Municipalities was reported to be generally good throughout the year under review. The number of births and deaths registered during the year was 1,627 and 1,303 against 1,021 and 2,543 respectively in the previous year. Plague in Kankanhalli, Magadi, Anekal and Vadigenhalli and cholera in Devanhalli largely contributed to the mortality.

In the Local Fund Dispensaries subsidised in part from Municipal Funds 70,735 patients were treated against 82,507 in the previous year, while in indigenous Vaidyasalas 13,942 patients were treated against 8,424 in the previous year and these institutions were reported to have continued to be popular. Nine hundred and twenty-eight persons were vaccinated against 1,843 in the previous year.

6. *Public Works.*—The expenditure on public works carried out by the Civil Department was Rs. 4,384 against Rs. 6,243 in the previous year. The amount of lapses was only 2 per cent of the total budget grant for the year under Public Works which is satisfactory.

7. The administration of Municipal affairs in the several Municipalities was generally good. The thanks of Government are due to the non-official members of the respective Municipal Councils for the interest, which they are reported to have evinced in the discharge of their duties.

No. 8783-4—Edn. 144-20-14, dated 16th March 1921.

RULES FOR THE AWARD OF MYSORE GOVERNMENT DAMODAR DASS KHADAYATA SCHOLARSHIPS.

I. The scholarships shall be known as "The Mysore Government Damodar Dass Khadayata Scholarships" and shall be for the encouragement of general and technical Education among the people of the Khadayata caste to which the late Damodar Dass belonged. They shall be paid from the income accruing from (1) one-fifth of the Damodar Dass Charities Fund and (2) the up-to-date accumulated savings thereon, such one-fifth and the said savings being treated as a separate subordinate fund for the purpose and separate accounts being kept therefor.

II. The scholarships shall be granted only to students of the Khadayata community. The number and value of the scholarships to be awarded are shown in the appended statement (annexure A). The scholarships are awarded annually unless otherwise specified and are tenable in the Institutions noted against each set of scholarships or in any other Institution approved by the Inspector-General of Education.

III. The scholarships shall be liable to forfeiture, in case the student fails in the annual examination or his progress or conduct is reported to be unsatisfactory and a scholarship so forfeited cannot be renewed without the special sanction of the Inspector-General of Education in Mysore, nor is a student whose scholarship is so forfeited allowed to compete with fresh candidates for the same scholarship or for a scholarship belonging to the category.

IV. Women candidates, if they possess the necessary qualifications will be given preference.

V. When the number of candidates who, in the opinion of the Khadayata Committee, are equally in need of educational assistance, exceeds the number of scholarships available the relative merits of the candidates may be adjudged on the results of the University Examinations previously passed or other tests.

VI. A scholarship which remains unawarded owing to there being no suitable candidates or which has been rendered vacant shall be awarded to some other needy Khadayata candidate studying for the same course. If no such candidate is available it shall be awarded to any other Khadayata candidate studying for any of the course comprised under this scheme who in the opinion of the Committee is eligible for the same and is in need of financial assistance.

VII. In the event of there being any scholarships or other sums unutilised under the above rules, the savings thereby effected shall be appropriated, in such manner as may be approved by Government by General or special orders in this behalf, among objects calculated to promote the general and technical education of the Khadayata Community.

VIII. The scholarships shall be paid quarterly to the Principals of the Colleges, attended by the several students but shall be reduced or withheld if unsatisfactory reports concerning their work and conduct are received from the Principals.

IX. Notwithstanding anything contained in the annexed statement the Committee may award any of the said scholarships to students of the Khadayata Community prosecuting their studies in Colleges affiliated to other Indian Universities than that of Bombay.

X. To help the Government of H. H. the Maharaja of Mysore in the administration of this fund, a Committee shall be formed consisting of selected gentlemen of the Khadayata Community to be appointed by Government from time to time.

XI. All applications should be submitted to the Committee through the Principal of the Institutions when the candidates are prosecuting their studies. After enquiry into the circumstances of each case the Committee will award the scholarships as early as possible after the commencement of the College courses in the subject which the candidates is studying and report the awards to the Inspector-General of Education in Mysore for submission to Government.

XII. The Government reserve to themselves the right to veto any award made.

XIII. The foregoing rules are subject to revision whenever the Government of His Highness the Maharaja of Mysore deem such revision necessary.

No. 8783-4—Edn. 144-20-14, dated 16th March 1921.

GENERAL AND REVENUE DEPARTMENTS

READ—

Correspondence ending with letter No. 2671, dated 26th April 1920, from the Superintendent of Sericulture, submitting with his own remarks, a note from the Silk Expert suggesting the adoption of certain measures for the improvement of the Silk Industry in Mysore.

Order No. 8820-3—A. & E. 71-19-54, dated 16th March 1921.

The note furnished by the Sericultural Expert indicating the lines on which action will have to be taken for the improvement of the silk industry in Mysore is interesting and contains many valuable suggestions. The Superintendent of Sericulture has solicited orders on the following recommendations contained in the note as he considers them to be easily practicable and likely to lead to results of a substantial character:—

(1) With a view to enabling sericulturists to adopt improved methods of mountage which is highly important for the production of better cocoons 'Chandrikes' may be stocked and hired out or sold to them the amount in the latter case being recovered in easy instalment. The cost of the scheme is estimated at Rs. 900.

(2) In order to improve silk reeling in Mysore 50 foot-reeling machines may be imported from Japan at a cost of Rs. 1,500 and the services of a Japanese Lady Expert secured to train women-sericulturists in working such machines.

(3) Private persons may be offered liberal concessions with a view to inducing them to organise grainages for supply of disease-free seed and that certain additional staff may be appointed for the technical supervision of the work carried on by such private seed growers.

(4) Co-operative Societies may be organised to attend to the various branches of the silk industry such as cultivation of mulberry, silkworm rearing, supply of disease-free seed, etc., and that three Co-operative Inspectors might specially be deputed for work in this connection.

2. Government are pleased to approve of the Superintendent's proposal for the stocking and hiring out, or selling 'Chandrikes' to the Sericulturists who may require them, the hire being fixed as proposed at one anna for five days. 'Chandrikes' may also be sold on the hire-purchase system, interest being levied at 9 per cent on all over due instalments. A sum of Rs. 500 which will be treated as an imprest will be placed at the disposal of the Superintendent for the purpose of getting the 'Chandrikes' prepared and stocked for sale.

3. In regard to the appointment of Japanese Lady Expert and the purchase of foot reeling machines, Government Order No. 961-3—A. & E. 71-19-45, dated 23rd July 1920, has already been passed.

4. As regards the organisation of private grainages attention is invited to Government Order No. 2952-604—A. & E. 198-19-14, dated 9th September 1920, sanctioning certain concessions for encouraging the starting of private grainages in order to meet the large demand for disease-free eggs. The question of granting further concessions for the purpose is under the consideration of Government.

5. With regard to the Superintendent's proposals for the employment of co-operative methods for the development of the silk industry in its various aspects Government direct that this work should be attended to by the existing staff of the Sericultural Department with the help of the Registrar of Co-operative Societies in Mysore and that no separate additional establishment can at present be sanctioned for the purpose.

Audit of the Accounts of the Sandalwood Oil Factories

No. 8723-27—I. & C. 35-20-30, DATED 14TH MARCH 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1576, dated 14th October 1920, from the Director in charge of Sandalwood Oil Factories forwarding a copy of the report submitted by Messrs. A. F. Ferguson and Co. of Bombay, on the audit of the accounts of the Sandalwood Oil Factories from January 1918 to the end of June 1920.

2. Letter No. 586-9—A. D., dated 11th December 1920, from the Comptroller to Government proposing the following revised procedure of paying Departmental bills, etc and stating that the new system may be followed from 1st January 1921.

1. *Salary and travelling allowance bills.*—(*a*) Bills of Gazetted Officers will be pre-audited and returned to the Director for payment being made by cheques drawn by him. The bills of the Superintendent of the Mysore Factory will also be sent for audit three days before the last working day of each month to be returned to the Director on the 1st for payment being made by cheque. These salary bills will not in future be presented at Treasuries for payment.

(*b*) The establishment bills of the Bangalore Factory will, from 1st January 1921 be pre-audited as hitherto but instead of being paid at the Treasury, they will be returned to the Director for payment from the drawing account. The establishment bills of the Mysore Factory will be paed from the Drawing Account instead of being presented at the Treasury and will be subjcted to local audit.

2. *Departmental bills and other Indian payments.*—All bills presented by other Departments such as Forest, Electrical, Public Works, etc., which are accepted by the Department will be paid by means of crossed cheques on the Bank of Mysore in favour of the officers concerned. In regard to sandalwood supplies, to enable the Forest Department to take credit for the full Revenue earned during the year, the Director will arrange to pay for the supplies made in the month of June also in the same month and before the close of the official year, on the basis of the quantities measured and recorded and the rates fixed in advance for each year. Any little difference that may be subsequently noticed will be adjusted in the following year.

3. *English payments and receipts.*—The Director will maintain a Pass Book for this purpose and send it to the Comptroller's Office for being written up by the 20th of each month and returned to him with the vouchers in support of the payments. The receipt will be verified with the amounts already advised as paid by the London Agent, while the payments will be verified with the vouchers and original requisitions and both taken into the Factory accounts by a Journal entry.

3. Letter No. 3447, dated 20th December 1920, from the Director of Sandalwood Oil Factories stating that he entirely concurs with the Comptroller's proposals referred to in the above letters and that the new system will be followed from 1st January 1921 in both the factories.

Order No. 8723-27—I. & C. 35-20-30, dated 14th March 1921.

Government are pleased to direct that the procedure recommended by the Comptroller above and concurred in by the Director be adopted with effect from 1st January 1921.

ANNEXURE.

Rule 9. The proposer will fill up and sign the form and attach to it (*a*) a certificate signed by a Government employee or a village officer stating the native village, Hobli and Taluk of the proposer. On this certificate, the distinctive physical marks of identification of the proposer, if any, should be carefully noted and his right and left thumb impressions carefully taken and (b) a document of the kind referred to in the note at foot of the proposal form proving his age. He will then present the proposal with its accompaniments to the officer in charge of a Government or Local Fund Hospital or Dispensary which is nearest to his oridinary place of residence possessing the qualification referred to in Rule 10 below, and appear before him for examination.

Rule 10. All officers of Government, who are medical graduates of a University, are competent to examine proposers for Life Insurance in the Public Branch.

Rule 11. On the presentation of a proposal and the proposer appearing for examination, the medical officer will proceed to examine him after satisfying himself as to the identity of the proposer (1) by verifying the personal marks of identification, if any, given in the Domicile Certificate attached to the proposal, (2) by comparing the thumb impressions of the proposer given, in the Domicile Certificate with those required to be taken before the medical officer and (3) by getting him identified by a witness known to him. He (the medical officer) will then enter fully the answers to the several questions contained in the medical report form and after recording his opinion as to the eligibility of the proposer for insurance and inserting the name of the identifying witness in the place provided for it in the certificate, sign and forward the report to the Secretary to the Insurance Committee enclosed in a sealed cover.

Rule 12. The medical officicer will be entitled to receive from the Insurance Office on presentation of monthly bills, a fee of Rs. 2 for each medical report on proposals for assurance of sums not more than Rs. 500 and Rs. 4 for assurances exceeding Rs. 500 in amount.

Rule 13. All matters regarding insurance cases shall be treated as strictly confidential in all offices.

Leave other than Casual Leave granted to Gazetted and other officers.

READ—

Para 72 of the Mysore Account Code and Form No. 11, page 336, Mysore Account Code, Part I, Appendices and Forms, in regard to submission of reports of transfer of charge of offices before the incumbents thereof proceed on leave or on transfer.

Order No. Fl. 5577-625—G F. 170-20-6, dated 8th March 1921.

Government find that the scope of the instructions contained in the Mysore Account Code in regard to the abovementioned matter is not clearly understood. Instances have come to their notice of reports having been omitted to be sent by officers proceeding on leave on the ground that formal handing over and receiving charge was not necessary in their cases as no papers or moneys had to change hands on the occasion of the departure on leave or transfer of such officers. These reports, however, are required as much to maintain accurately the history of the services of the officers concerned and to keep Government informed of the whereabouts of their officers, as for recording transfers of papers of moneys. Government direct, therefore, that reports of transfer of charge in the form referred to above, should be sent by every Gazetted Officer proceeding on leave or on transfer or returning from leave, irrespective of, whether such officer is in independent charge of the office or a section of office or attached to an office as a General or an Extra Assistant.

M. N. KRISHNA RAO,
Financial Secretary to Government.

To—The Heads of Departments for communication to all Gazetted Officers.
The Secretaries to Government.

Report on the working of the Government Savings Banks in the State for the year 1920.

No. Fl. 5761-809—G. F. 138-20-3, dated 21st March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. G. A. D. 472, dated 10th January 1921, from the Comptroller to Government, submitting the annual Report on the working of the Government Savings Banks in the State for the year ended with June 1920.

(Printed in extenso)

Order No. Fl. 5761-809—G. F. 138-20-3, dated 21st March 1921.

1. Recorded.

2. The improvement in the net deposit balances, which was noticeable in the year 1918-19, has been maintained during the year under report. The total amount at the credit of depositors on 30th June 1920, was Rs. 93,46,027 or Rs. 7,94,899 more than in the previous year. The total number of accounts, both current and dead, also rose from 34,601 on 1st July 1919 to 37,183 on 30th June 1920, and the average balance at the credit of the depositors during the year under report was 251 as against 247 in the previous year. The increase in the average balance was mainly due to improvement in the balances of depositors with less than Rs. 5,000 to their credit.

3. There was delay, extending in some cases to over three months, in the submission of Savings Bank Statements by 57 treasuries and in one instance the statement received was found to be incomplete and full of errors. Government desire to impress on officers in charge of treasuries the need for submission of their returns to Comptroller in acomplete shape before the due date, to enable him to submit his report to Government in time.

4. Only five new Village Savings Banks were started during the year and the scheme is making very slow progress. The Comptroller is requested to suggest measures for making it more popular.

Read—

Letter No. 1060—Bks., dated 24th February 1921, from the Comptroller submitting the Report on the Resource Operations for the year 1919-20.

Order No. Fl. 5947-56—G. F. 164-20-3, dated 30th March 1921.

Recorded.—

2. The report was due on 1st January 1921 and there has been a delay of nearly two months in its submission to Government.

3. Owing to the removal of the restrictions in regard to the issue of specie the arrangement adopted in 1918-19 for maintaining a large stock of whole rupees and small coins in treasuries was not necessary during the year under report and the treasury balances were kept throughout the greater part of the year at a lower level than in the previous year.

4. The difficulty to get the London balances transferred to India owing to exchange difficulties affected the year's resocurce operations till about the close of the year and Government note that the measures adopted by the Comptroller to keep the State Treasuries in adequate funds to meet public demand were satisfactory.

Sri Ranganathaswami Temple at Rangasthala, Chikballapur Taluk.

No. 3106-09--Muz. 428-20-2, dated 3rd—5th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 7575—L. R. 18-20-16, dated 3rd January 1921, directing that the assessment on the portion of Survey No. 63 of Obenahalli village, Chikballapur Taluk, be credited to the funds of the Sri Ranganathaswami Temple at Rangasthala and treated as an addition to the cash grant of the temple.

(2) Letter No. C. 1256—20-21 dated 17—19th January 1921, from the Revenue Commissioner in Mysore, stating, with reference to the Government Order read above, that the portion of the land referred to above will have to be made into a separate Survey No. and included in the Khate of the alience along with the other lands in his occupancy and that it will be necessary to keep special watch over the occupancy of the land and the collection of assessment thereon and suggesting that in order to avoid all the trouble and confusion that may arise, an additional cash grant equal to the assessment of the land in question (amounting to about Rs. 2-8-0) may be sanctioned to the temple, in lieu of the amount that may actually be recovered as assessment and that the order read above may be modified suitably.

Order No. 3106-09—Muz. 428-20-2, dated 3rd—5th March 1921.

Agreeing with the Revenue Commissioner, Government direct in modification of the order read above, the payment of an annual cash grant equal to the assessment on the Inam land, *viz.*, Rs. 2-8-0, for the benefit of the Sri Ranganathaswami temple in question. This amount which will be in addition to the cash grant that the institution is already in receipt of, will be included in the annual Muzrai Budget and disbursed to the temple.

T. E. JAYARAMA AIYAR,

The " Sri Lakshmi Haram " presented to Sri Venkataramanaswami Temple at Tirupati.

No. 3161-3—Muz. 167-20-8, dated 9th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 654-6—Muz. 634-19-2, dated 19th August 1920, sanctioning an estimate for Rs. 3,174 for the repairs of the "Sri Lakshmi Haram" presented by a Sovereign of Mysore in the eighteenth century to the Sri Venkataramanaswamy temple at Tirupati, Chitture District.

Order No. 3161-3—Muz. 167-20-8, dated 9th March 1921.

As it was feared that if the above estimate was worked out the integrity of the Lakshmi coins would be interfered with, in consequence of the proposed additions to the rims, and as it was considered very desirable that such a result should be avoided, fresh suggestions were called for from Messrs. C. V. Krishniah Chetty and Sons, Jewellers, Commercial Street, Bangalore. They accordingly submitted two estimates, one for Rs 8,030-10-3, for the repairs of the haram with a curb chain at the back and another for Rs. 7,196-5-5, for a hinged pattern without the chain. As the former design, which provides for a curb chain arrangement, is considered to be stronger and likely to last longer than the other one, Government are pleased to approve of it and to sanction the estimate for Rs. 8,030-10-3, the original estimate for Rs. 3,174 being cancelled.

2. The amount required will, in the first instance, be advanced as a loan from the funds of following temples and adjusted later from the interest that will be realized on the sum of 7½ lakhs invested of the Muzrai surplus funds in the 6% State Loan.

(1) Gadidam Sri Venkataramanaswami temple, Begapalli Taluk	Rs. 3,030-10-3
(2) Sri Venkataramanasami temple at Chikka Tirupati, Malur Tatuk	Rs. 3,000-0-0
(3) Sri Venkataramanaswami temple at Guttahalli in the Bowringpet Taluk	Rs. 2,000-0-0
Total	Rs. 8,030-10-3

T. E. JAYARAMA IYER,
Secretary to Govt., Muzrai Dept.

To—The Muzrai Superintendent in Mysore, with the sanctioned estimate.
The Comptroller to Government, with a copy of the estimate.
The Deputy Commissioner, Kolar District.

Endowment by Mr. G. Venkataramaniah, Pleader, Bangalore.

ó 3113-6—Muz. 243-20-8, dated 5th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 2161-4—Muz 465-15-4, dated 1st March 1917, accepting the endowment of a sum of Rs 1,000 offered by Mr. G Venkataramaniah, Pleader, Bangalore City, for the benefit of the Sri Kodandaramaswami temple at Bidargere in the Anekal Taluk.

(2) Government Order No. 139-42—Muz. 627-18-2, dated 10th July 1919, allowing a higher rate of interest, *viz.*, 5 per cent, temporarily, on the above endowment under Government Order No. Fl. 470-80—G. F. 21-17-1, dated 30th July 1917.

(3) Petition Registered No 1383, dated 3rd January 1921, from Mr. G. Venkataramaniah, offering to endow 6½ per cent State Loan Bonds of the value of Rs. 2,000 instead of Rs. 1,000 cash originally offered by him and requesting that they may be accepted.

(4) Correspondence ending with letter No. P. D. 1753, dated 23rd February 1921, from the Comptroller to Government, stating that there is no objection to accept the offer of Mr. Venkataramaniah, as the original endowment amount of Rs. 1,000 has not been credited to the endowment account, but lies to the credit of the donor in his Savings Bank Account.

Order No. 3113-6—Muz. 243-20-8, dated 5th March 1921.

In modification of the Government Orders read above, Government are pleased to accept the 6½ per cent State Loan Bonds of the value of Rs. 2,000 offered by Mr. G. Venkataramaniah instead of the sum of Rs. 1,000 offered originally by him, as an endowment in favour of the Sri Kondandaramaswami temple at Bidargere in the Anekal Taluk.

2. The Deputy Commissioner will get a fresh bond executed by the donor under the Charitable Endowment Rules.

T. E. JEYARAMA IYER,

Charities established by Nowl Krishna Doss at Paschimavahini, Seringapatam Taluk

No. 3110-12—Muz. 696-15-11, dated 5th March 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 963-6—G. 199, dated 16th July 1894, directing the resumption of the villages of Turaganur and Basavana halli, T.-Narsipur Taluk, endowed as Inam to the charities of Nowl Krishna Doss at Paschimavahini, Seringagatam Taluk.

(2) Government Proceedings No. 9047-48—R. 1369, dated 2nd December 1894, observing that the resumption of the villages of Turaganur and Basavanahalli in the T.-Narsipur Taluk endowed to the Nowl Krishna Doss Charities ordered in the above proceedings of Government, will continue in full force and effect and that the question of restoring the vritties or their equivalents will be favourably considered after the vrittidars build their Agrahar houses in a locality approved by the Deputy Commissioner and otherwise conform to the conditions of the original grant.

(3) Government Order No. 797-8—Muz. 31-94, dated 25th December 1898, passing orders regarding the arrears of Vritti amounts payable to the Vrittidars of the Agrahar.

(4) Government Proceedings No. 603-4—Muz. dated 24th July 1906, declining to reconsider the above order in regard to the reconstruction of the Agrahar houses on the site selected at Seringapatam..

(5) Correspondence ending with letter No. C. 313 of 19-20, dated 24th February 1920, from the Deputy Commissioner, Mysore District, forwarding a statement showing the amount at the credit of the charities and the amount that might be paid to the vrittidars on their fulfilling the conditions laid down in the Government Order dated 2nd December 1894, and stating that two of them, *viz.*, Sahasranamada Lakshminarasimhachar and Sumati Anantachar have built houses on the site selected at Seringapatam, and that the former resides in his house, while the latter has let his house out for the Girls' School there.

Order No. 3110-12—Muz. 696-15-11, dated 5th March 1921.

It will be seen from the orders read above, that two villages had been granted as inam for the benefit of a chattram and some temples and also certain agraharikas in Paschimavahini. As the charities had been neglected and no agrahar had been built, the villages were taken under Government management in 1886, and resumed with effect from 1894-95. In the second of the orders read above, the vrittidars were informed that if they built agrahar house in a locality approved by the Deputy Commissioner and otherwise conform to the conditions of the original grant, the question of restoring to them the vritties, or their equivalents, would be favourably considered. The application of the vrittidars for a reconsideration of this order was rejected in the fourth of the orders read above.

2. The Deputy Commissioner now reports that Sumati Anantachar and Sahasranamada Lakshminarasimhachar, two of the vrittidars, have built houses on the site allotted to them and recommends the payment of the arrears of vritti amounts due to them. The latter is living in the house built by him while the former, who is the Sanskrit Pandit of the Government A.-V. School at Malleswaram, Bangalore, has let out his house to the Girls' School at Seringapatam. Being Agraharam houses, it is an essential condition for the continuance of the vritties, or their equivalents, or even for the payment of arrears, that the houses should be owned and occupied only by Brahmins. But so far as Sumathi Ananthachar is concerned this condition has not been fulfilled, since the use of the building as a Girls' School cannot be considered as equivalent to its occupation by a Brahmin. The arrears of vritti amount claimed by him cannot therefore be sanctioned. Government, however, approve of the recommendations as regards the payment of the arrears of vritti amount to Sahasranamada Lakshminarasimhachar and the Deputy Commissioner is requested to submit for sanction a bill for the amount due to the latter from 1886 to 1894, as explained in para 3 of Government Order 797-8—Muz. 31-94, dated the 25th December 1898.

No. 3110-12—Muz. 696-15-11 dated 5th March 1921

5. The other questions regarding the claim of Kurma Subbannachar and other vrittidars for the amounts due to them and about the restoration of the vritties to the vrittidars do not call for any consideration for the present as the conditions laid down in the Government Order dated 2nd December 1894 have not been conformed to by them.
